RE: WT Docket 12-4

Dear Chairman and Commissioners:

On behalf of the San Mateo County Hispanic Chamber of Commerce (SMCHCC), I am pleased to submit comments to the Commission on the proposed Verizon Wireless/ SpectrumCo license transfer.

As an organization that is committed to the economic vitality of all members of our region throughout 20 cities in Northern California with a population of over 700,000, SMCHCC is well aware of what is needed to strengthen the communication networks and social fabric that bring us together for the better.

The Verizon Wireless/ SpectrumCo license transfer provides many benefits to our community:

- **More Choices:** Currently, we only have one provider that offers video, internet, voice and wireless in San Mateo County. With your approval of this license transfer, the FCC is opening up the market for more competition, which means lower competitive rates for consumers.
- **More Convenience:** Consumers will be able to bundle their services with one company that will result in 'one stop' shopping and lower cost.
- **Lower Cost:** Consumers will be able to shop around for the provider that offers the best price for bundle services. During these economic times, consumers are searching for savings.

Furthermore, Comcast is a great supporter and partner dedicated to the betterment of our community and beyond.

It is for these reasons that we support the Verizon Wireless/ SpectrumCo license transfer, as it will provide millions of American consumers, especially the Latino community, with more choices, convenience and lower cost.

Thank you for the opportunity to submit comments.

Sincerely yours,

Jorge Jaramillo

Jorge Jaramillo
President
