Re: Cellco Partnership d/b/a Verizon Wireless Supplement to Response to Information and Discovery Request, VZW-TPK-FCC-90006

Application of Cellco Partnership d/b/a Verizon Wireless and SpectrumCo, LLC For Consent To Assign Licenses and Application of Cellco Partnership d/b/a Verizon Wireless and Cox TMI Wireless, LLC For Consent To Assign Licenses, WT Docket No. 12-4

Dear Ms. Dortch:

On March 22, 2012, Cellco Partnership d/b/a Verizon Wireless filed its response to the FCC Information and Discovery Request of March 8, 2012 in the above-referenced docket.[1] That response was supplemented, among other times, on March 30, 2012, when Verizon Wireless filed a disk labeled VZW-TPK-FCC-90004 containing supplemental data in response to Questions 3 and 6. As discussed below, this filing provides a disk containing data that was described in the March 30, 2012 response, but was inadvertently omitted from the disk. Due to a copying error, the disk contained the material in response to Question 3, but a duplicate of data that had previously been produced on March 22nd instead of the referenced material on Question 6. The disk attached hereto contains the information response to Question 6, which has been labeled "Highly Confidential" and should be treated in accordance with the procedures adopted in the *Second Protective Order* in this proceeding.[2]

This letter also supplements Verizon Wireless' April 5 letter concerning the list of regular reports produced in response to Request 4 of the March 8 Information Request. As was discussed with Commission Staff, and subject to a further Staff request that the list identify additional types of reports, the list includes monthly, quarterly and/or annual reports that relate to any of the issues

raised by the questions in the Information Request. Specifically, the list includes regular reports produced by the Network organization, as well as regular reports produced by the Finance and Marketing organizations that report on customer trends (such as customer activations, disconnects, usage, porting, and churn), device trends, and competitors' pricing and products.

Should any questions arise concerning this filing or the electronic media provided in connection with this filing, please contact the undersigned.
