To: Chief, Allocations Branch

PETITION FOR RULEMAKING

Justin Robinson ("Robinson") hereby requests the Table of FM Allotments, Section 73.202(b) of the Commission's rules, be amended to add Channel 283A to Ammon, Idaho as the community's first local FM service. In support of this request, the following is stated:

1. Ammon is an incorporated community with its own city government. It qualifies under the Commission's rules as a community. It is presently without its own FM broadcast service. An AM station, KUPI, is licensed to Ammon.

2. As noted in the attached Engineering Statement of David C. Schaberg, Channel 283A can be assigned to Ammon utilizing a reference point of 43° 27' 00" NL; and 112° 00' 00" WL. From this location, the station will provide city-grade coverage to all of Ammon, Idaho.

PETITION FOR RULEMAKING

At the request of the Petitioner, Justin Robinson of Meridian, ID, engineering studies have been completed which show that the requested allocation addition may be made to the FCC's Table of Allotments, Sec. 73.203.

Ammon, ID, is a town served only by one AM broadcast station, KUPI. The requested allocation will provide Ammon with its first FM service and second aural service.

The attached engineering study shows that channel 283A may be allocated at the requested site of 43 27 00 112 00 00.

Further investigation revealed no other pending or proposed allocations or other changes which might affect this proposal.

Therefore, it is requested that the FCC Table of FM Allotments be amended as follows:

Location	Present	Proposed
Ammon, ID	None	283A

I, David C. Schaberg, am a broadcast consultant who has worked with FM allocations since 1985. Over that period of time, the Commission has granted more than 60 of my petitions on my own behalf and on behalf of clients. My background and history with the Commission is well documented and my qualifications are a matter of public record.

I believe, based upon the information provided to me through the FCC database of FM allotments and pending rulemakings, that the information contained in this Petition are accurate and true and reflects the Commission's desire to improve service in the public interest.

The proposal outlined is viable and works in the interests of all parties and I believe that the Commission will serve its goals and interests by a prompt approval.

Respectfully submitted,

David C. Schaberg
