TRANSFER OF CONTROL APPLICATION

FiberCon Holdings, LLC ("FiberCon"), US Metropolitan Telecom, LLC ("US Metro"), and Summit Vista Inc. ("Summit Vista") (collectively, "Applicants"), pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214) and Section 63.04 of the Commission's Rules, 47 C.F.R. § 63.04, respectfully request Commission approval to effectuate a transfer of control of US Metro, an authorized Section 214 carrier and non-dominant provider of international resale service, to Summit Vista pursuant to the terms of an Agreement and Plan of Merger. For the reasons set forth herein, the parties respectfully submit that grant of this authority will serve the public interest.

I. Description of Parties

A. US Metropolitan Telecom, LLC.

US Metropolitan Telecom, a Florida limited liability company, is a competitive carrier that provides resold local, interstate and international telecommunications services and facilities-based local services to commercial subscribers in Florida pursuant to

authority granted by the Florida Public Service Commission and the FCC.[1] US Metro also provides Internet services in the State of Florida.

The parent company of US Metro, owning 100% of its capital stock, is FiberCon Holdings, a Florida limited liability company.

B. Summit Vista Inc.

Summit Vista Inc., a newly formed Florida corporation, is a wholly owned subsidiary of Cable Bahamas Ltd. ("CBL"), a publicly traded corporation (Bahamas International Securities Exchange: CAB) under the laws of the Government of The Bahamas. By itself and through its subsidiaries, CBL provides in the Commonwealth of The Bahamas broadband cable television, internet and telecommunications services. The largest single shareholder of CBL, holding 22.32% of its equity, is the National Insurance Board of The Bahamas. No other individuals or entities hold a 10% or greater direct or indirect equity or voting interest in the company.

Three subsidiaries of CBL hold international operating authorizations issued by the Commission:

Trinity Communications Ltd., a corporation organized under the laws of the State of Delaware ("Trinity"), holds authority, pursuant to Section 214 of the Communications Act, to provide resold and facilities-based international telecommunications services. See FCC File No. ITC-214-20030515-00268. Trinity is a wholly owned subsidiary of Caribbean Crossings Ltd. (see below), itself a wholly owned subsidiary of CBL.

[1] Florida Public Service Commission CLEC Certificate No. TX907; FCC Registration No.(FRN) 0016-7134-97.

Caribbean Crossings Ltd., which owns and operates the Bahamas Internet Cable System ("BICS") extending between the United States and The Bahamas. *Caribbean Crossings Ltd.*, DA 00-1349, *released* June 20, 2000; Public Notice Report No. TEL-00607, DA 02-3357, *released* December 5, 2002 (modification of Caribbean Crossings' license to permit the construction of a second fiber optic link and a self-healing fiber ring between The Bahamas and the United States. FCC File No. SCL-MOD-20020925-00094).

Systems Resource Group Ltd. holds authority, pursuant to Section 214 of the Communications Act, to provide resold and facilities-based international telecommunications services. See FCC File No. ITC-214-20030115-00014.

II. Description of the Transaction

The transaction contemplated by this Application will be accomplished through an Agreement and Plan of Merger by and among CBL, Summit Vista, Inc., FiberCon, and US Metro. Pursuant to its terms, US Metro shall continue to operate as a wholly-owned subsidiary of Summit Vista.

III. Information Required by Rule Section 63.04(a)

Name:	National Insurance Board
Address:	Clifford Darling Complex P.O. Box N-7508 Jumbey Village Baillou Hill Road Nassau, Bahamas
Citizenship:	The Bahamas
Principal Business:	Government Insurance
Percentage of Equity:	22%

E. Certification (Section 63.04(a)(5))

Applicants certify that no Applicant is subject to denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1998. See 21 U.S.C. § 853a; see also 47 C.F.R. §§ 1.2001-1.2003.

F. Description of transaction (Section 63.04(a)(6))

A description of the proposed transaction is set forth in Section II above.

G. Description of Service Area and Service (Section 63.04(a)(7))

US Metro provides competitive telecommunications services to commercial customers located in the Southwest Florida area, including portions of Collier County, Lee County, and Hendry County, Florida.

Through its wholly owned subsidiaries – Caribbean Crossings, Systems Resource Group and Trinity Communications - Cable Bahamas provides telecommunications service between the United States and other foreign points.

H. Streamlined Treatment Request (Section 63.04(a)(8))

Applicants respectfully submit that this Application is eligible for streamlined processing pursuant to Section 63.03 of the Commission's rules, 47 C.F.R. § 63.03. This Application is eligible for streamlined processing pursuant to Section 63.03 because, immediately following the transaction, Summit Vista, the Transferee, will have a market share in the interstate, interexchange market of substantially less than ten percent (10%), and US Metro will continue to provide competitive telecommunications services exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the transaction, and neither US Metro nor Summit Vista, nor any affiliate of Summit Vista, are dominant with respect to any service.

I. Other authorizations (Section 63.04(a)(9))

US Metro does not hold any other authorizations or licenses from the Commission. Therefore, no other applications are being filed with the Commission on behalf of US Metro with respect to this transaction.

J. No Special Consideration (Section 63.04(a)(10))

No party is requesting special consideration because it is facing imminent business failure.

K. No Waiver Requests (Section 63.04(a)(11))

No waiver requests are being sought in conjunction with this transaction.

L. Public Interest (Section 63.04(a)(12))

Applicants submit that the transaction described herein will serve the public interest. Under new ownership, US Metro will continue to provide high-quality telecommunications services to commercial customers, while being able to expand its customer base and provide new and better services as a result of the greater financial strength of CBL and its subsidiaries. The transfer of control, therefore, will give US Metro the ability to become a stronger competitor, to the ultimate benefit of consumers.

Following consummation of the proposed merger, US Metro, through its ownership by Summit Vista, will continue to offer telecommunications service with no change in the rates or terms and conditions of service. The transaction will be seamless and transparent to customers, and US Metro will continue to provide high-quality telecommunications services to its customers without interruption. Future changes in the rates, terms or conditions of service to customers, if any, will be undertaken pursuant to the applicable federal and state notice and tariff requirements and pursuant to US Metro's contractual obligations to its customers.

Through prior rulings, the Commission has previously found that the grant of operating authorizations to other subsidiaries of CBL – Caribbean Crossings; Trinity Communications and Systems Resource Group – would serve the public interest. Grant of the instant application will clearly serve the public interest as well.

M. Request for Special Temporary Authority

By separate filing Applicants jointly request special temporary authority beginning no later than December 15, 2012, and ending 60 days from grant, or until such date as the Commission grants the Applicants' underlying transfer of control application, whichever event occurs first.

IV. Conclusion

For the reasons stated above, Applicants respectfully submit that the public interest, convenience and necessity would be served by the Commission's approval of the transfer of control set forth herein. Accordingly, Applicants respectfully request that the Commission grant this Application as expeditiously as possible through its streamlined processing procedures.

Respectfully submitted,
