Hon. Judge Sippel,

Mindful of your recent Order on this matter in accord with FCC 11-64, I will not materially respond to Mr. Keller’s filings submitted by courtesy copies with his email below, unless you determine that notwithstanding your Order, you will review and not summary dismiss Mr. Keller’s filings.

I note that Mr. already submitted on ECFS his filings without your advance approval (email is for courtesy copies only - it is not the filing before you which is on ECFS).

I assert that his filings of today, and earlier representations leading to your last Order on this topic, are inaccurate and misleading, and reserve the right to explain that in 11-71-- if and when you permit. I noted these matters to Mr. Stone in email: see below, and can of course present those to you if you permit. These matters affect interest of myself and AMTS licensee companies I manage: and that is why I am active in this. This is recognized in FCC 11-64.

Your office and parties have routinely used email for communications of this sort, and thus I use email here. I will place of copy of this email on ECFS and have a copy served.

-----

* From the HDO, FCC 11-71, which is in accord with Judge’s Sippel’s Orders on this matter:

n164. If the Presiding Judge makes the fact-based determination that Maritime has constructed or operated any of its stations at variance with sections 1.955(a) and 80.49(a) of the Commission’s rules, those authorizations will be deemed to have cancelled automatically, and the Presiding Judge need not take any affirmative action revoking, deleting, or otherwise terminating such licenses.

Mr. Stone and Mr. Tobias,

As Mr. Stone knows, I presented today and recently, my position on these matters to Mr. Stone, copying Mr. Keller. The Bureau was on some of that exchange also. However, based on the recent Order of Judge Sippel, I will not further present those herein.
Please find attached courtesy electronic copies of two items filed today via ECFS.
