"I am writing to oppose the removal of the on-air requirement of radio stations to disclose on the air at the time a paid-for song is played.

Listeners deserve the right to know when a song is being paid to be played on-air.

Removal of the on-air requirement of radio stations to disclose on the air at the time a paid-for song is played will have a detrimental effect on many thousands of musicians throughout the country as well as the small independent record companies that distribute their music.

Thank you for your consideration."
