EB-06-TC-060

CERTIFICATION OF CPNI FILING FEBRUARY 6, 2006

Marlene H. Dortch, Secretary
Office of the Secretary
Federal Communications Commission
445 12th Street S.W.
Washington, D.C. 20554

Dear Secretary Dortch:

In accordance with the Public Notice issued by the Enforcement Bureau on January 30, 2006, please find attached our company’s annual compliance certificate for the most recent period as required by section 64.2009(e) of the Commission’s Rules together with a statement of our company’s operating procedures established to ensure compliance with the Commission’s Rules and Regulations regarding Customer Proprietary Network Information.

Should you have any questions regarding this filing, please direct them to the undersigned,

Sincerely,

[Signature]
Renee’ Reeter
Controller

STATEMENT OF PROCEDURES
ADOPTED BY Green Hills Telephone Corporation
TO ENSURE COMPLIANCE WITH THE RULES AND
REGULATIONS OF THE FEDERAL COMMUNICATIONS
COMMISSION REGARDING THE_PROTECTION OF CUSTOMER
PROPRIETARY NETWORK INFORMATION (“CPNI”)

Our Company has elected to utilize CPNI for purposes other than those purposes
that are permissible without customer approval in accordance with Section
64.2005 of the FCC’s Rules and Regulations. We utilize this information in
accordance with Sections 64.2007 and 64.2009 of the FCC’s Rules and
Regulations. We provide our customers notice of their rights with respect to
their CPNI and have adopted the “opt out” approval method. We have adopted
the procedures set forth below to ensure our familiarity and compliance with the
applicable rules for any purpose that requires customer approval.

CPNI Use

(1) We recognize that we may use, disclose or permit access to CPNI to
protect our rights and property, our Customers, and other carriers from
fraudulent, abusive or unlawful use of, or subscription to, our services.

(2) We understand that we may use, disclose or permit access to CPNI to
provide or market service offerings among the categories of service to
which the Customer already subscribes. When we provide different
categories of service, and a Customer subscribes to more than one
service category, we understand that we may share the Customer’s CPNI
with the affiliate that provides service to the Customer; but if a Customer
subscribes to only one service category, we may not share the customer’s
CPNI with an affiliate without the Customer’s approval.

(3) We understand that we may use, disclose or permit access to CPNI
derived from our provision of local exchange or interexchange service for
the provision of CPE and call answering, voice mail or messaging, voice
storage and retrieval services, fax store-and-forward, and protocol
conversion, without Customer approval.

(4) In the absence of Customer approval, we do not use, disclose or permit
access to CPNI to provide or market service offerings within a category of
service to which the Customer does not already subscribe, except that we
understand that we may use, disclose or permit access to CPNI to: (a)
provide inside wiring installation, maintenance and repair services; and
(b) market, when we provide local service, services formerly known as
adjunct-to-basic services such as, but not limited to, speed dialing,
computer-provided directory assistance, all monitoring, call tracing, call
blocking, call return, repeat dialing, call tracking, call waiting, caller ID, call
forwarding, and certain Centrex features.
We do not use, disclose or permit access to CPNI to identify or track Customers that call competing service providers. For example, as a local exchange carrier, we do not use local service CPNI to track Customers that call local service competitors.

Required Procedures to Obtain Customer Approval to Use CPNI

(1) When we seek to utilize, disclose or permit access to CPNI in an instance where Customer approval is required, we obtain approval through written or oral methods. When we rely on oral approval, we understand we bear the burden of demonstrating that such approval was given in compliance with the CPNI rules. We honor a Customer’s approval or disapproval until the Customer revokes or limits such approval or disapproval. We will maintain all records of Customer approvals for at least one year.

(2) Subject to “opt-out” approval requirements, we understand that we may use a Customer’s individually identifiable CPNI to market communications related services to that Customer, and that we may disclose that CPNI to our affiliates that provide communications-related services.

CPNI Notice Requirement Procedures

(1) We individually notify and inform each Customer of his or her right to restrict the use or disclosure of, and access to, CPNI. When we seek to utilize, disclose or permit access to CPNI in an instance where Customer approval is required, we solicit approval using the “opt out” method, and we will maintain records of notification, whether oral or written, for at least one year.

(2) When we seek to utilize, disclose or permit access to CPNI in an instance where Customer approval is required, our notifications provide information sufficient to enable our Customers to make informed decisions as to whether to permit the use or disclosure of, or access to, their CPNI. Our notifications: (a) contain a statement that the Customer has a right, and we have a duty, under federal law, to protect the confidentiality of CPNI; (b) specify the types of information that constitute CPNI and the specific entities that will receive CPNI, describe the purposes for which the CPNI will be used, and inform the Customer of his or her right to disapprove those uses and deny or withdraw access to CPNI use at any time. With regard to the latter, we will indicate that any approval, or disapproval, will remain in effect until the Customer affirmatively revokes or limits such approval or denial.

(3) We utilize the “opt out” method so when we seek to utilize, disclose or permit access to CPNI in an instance where Customer approval is required, we advise the Customer of the precise steps the Customer must take in order to grant or deny access to CPNI, and we clearly state that a denial of approval will not affect the provision of any services to which the
Customer subscribes. We understand that in any such notification we must also provide a brief statement, in clear and neutral language, that describes the consequences directly resulting from the lack of access to CPNI. In addition, we understand that we must state that the Customer’s consent to use his or her CPNI may enhance our ability to offer products and services tailored to meet the Customer’s needs and that we will disclose the Customer’s CPNI to any person upon the affirmative written request of the Customer.

(4) When we seek to utilize, disclose or permit access to CPNI in an instance where Customer approval is required, our notifications are comprehensible and not misleading and, when written, are legible, sufficiently in large type, and placed in an area readily apparent to the Customer. And, if any portion of any such notification is in another language, all portions of the notification will be in that language.

(5) We do not include in any such notification any statement that attempts to encourage a Customer to freeze third-party access to CPNI.

(6) For “opt-out” approvals, we understand that our notifications must satisfy items (1) – (5) above. We do not use oral notifications except in the event that a need arises to obtain limited, one-time use of CPNI for inbound and outbound customer telephone contacts for the duration of the call, regardless of whether we use “opt-out” or “opt-in” approval based on the nature of the contact. When we use oral notice in this manner, we comply with items (1) – (5) above, except that, if none of the following situations are relevant to the limited use for which we seek CPNI, we will not: (a) advise Customers, if they have opted out previously, that no action is needed to maintain the “opt-out” election; (b) advise Customers that we may share CPNI with our named or unnamed affiliates or third parties if the limited CPNI usage does not result in use by, or disclosure to, an affiliate or third party; (c) disclose the means by which a Customer can deny or withdraw future access to CPNI, so long as we explain that the scope of the approval is limited to one-time use; and (d) disclose the precise steps a Customer must take to grant or deny access to CPNI, so long as we clearly communicate that the Customer can deny access to his or her CPNI for the call.

(7) In addition, for “opt-out” approvals, we understand that we must wait at least 30 days after giving Customers notice and an opportunity to opt-out before assuming Customer approval to use, disclose, or permit access to CPNI and notify Customers of the applicable waiting period for a response before approval is assumed. We utilize the opt-out mechanism and provide notices to customers every two years.

(8) We do not use but in the event we used electronic notifications, we recognize that the waiting period begins to run on the date the notification is sent and, for mail notifications, it begins to run on the third day following the date the notification was mailed. In the event we utilize e-mail to provide opt-out notices, in addition to other requirements, we will: (a) obtain express, verifiable, prior approval to sending notices by e-mail
regarding a Customer's service in general or their CPNI in particular; (b) allow Customers to reply directly to e-mails in order to opt-out; (c) use another means of communicating the notice if the e-mail is returned as undeliverable before considering the Customer to have received notice; and (d) ensure that the subject line in the e-mail clearly and accurately identifies the subject matter of the e-mail.

(9) With the use of the “opt-out” approvals, we also make available to every customer a method to opt-out that is of no additional cost to the Customer and is available 24 hours a day, seven days a week. We satisfy this requirement through a combination of methods, but we allow Customers to opt-out at no cost and whenever they choose.

CPNI Safeguard Procedures

(1) As described in this section, we have implemented a system by which the status of a Customer's CPNI approval can be clearly established prior to the use of the CPNI.

(2) We have trained our personnel as to when they are, and are not, authorized to use CPNI, and we have an express disciplinary process in place.

(3) We will maintain a record of any instance of our own and our affiliates' sales and marketing campaigns that use Customers' CPNI. In the event that we utilize, disclose, or permit access to CPNI in accordance with a Customer's approval, we will maintain a record of all such instances where CPNI was disclosed or provided to third parties or where third parties were allowed access to CPNI. The records include a description of each campaign, the specific CPNI that was used in the campaign, and what products and services were offered as part of the campaign. We will retain these records for at least one year.

(4) We have established a supervisory review process regarding compliance with the CPNI rules for outbound marketing situations and, when we seek to utilize, disclose or permit access to CPNI for outbound marketing situations, we maintain compliance records for at least one year. Specifically, our sales personnel are required to obtain supervisory approval of any proposed outbound marketing request for customer approval of the use of CPNI.

(5) A corporate officer who acts as an agent for the Company signs a compliance certificate on an annual basis stating that the officer has personal knowledge that the Company has established these operating procedures adequate to ensure compliance with applicable CPNI rules. This Statement of procedures which sets forth our operating procedures and demonstrates compliance with the CPNI rules will be maintained together with the compliance certificate.

(6) In the event that we seek to utilize, disclose or permit access to CPNI in an instance where Customer approval is required, and we utilize an opt-
out mechanism, we will provide written notice within five business days to
the FCC of any instance where the opt-out mechanisms do not work
properly to such a degree that consumers’ inability to opt-out is more than
an anomaly. Any such notice will be provided in the form of a letter that
will include our Company’s name, a description of the opt-out
mechanism(s) used, the problem(s) experienced, the remedy proposed
and when it will be/was implemented, whether relevant state
commission(s) were notified and what action was taken, a copy of any
notice provided to customers, and contact information. We will submit any
such notice even if other methods by which consumers may opt-out are
offered.

REVIEW AND REVISION OF PROCEDURES

We shall undertake the responsibility of reviewing these procedures on a
continuing basis to ensure compliance with all Rules and Regulations regarding the
utilization of CPNI. We shall revise these procedures on a timely basis to reflect any
subsequent revisions to the applicable Rules and Regulations addressing CPNI.
