focuses on the immediate steps that need to be taken to recover functional operations within short duration events (less than 24 hours) and well as long term plans to maintain functionality during an extended event (up to, or greater than 72 hours).

**IT Recovery Plan**

Like most operations, FairPoint is dependent on an IT infrastructure to conduct business and serve customers. Because of its importance, FairPoint has a continuity plan established specifically for IT operations. The IT continuity plan addresses security and access control of data sites, onsite / offsite data backup methods, processes for sequencing of system(s) recoveries and ultimately the use and execution of our established Disaster Recovery Site located outside the FairPoint footprint.

**Plan Maintenance and Exercising**

The BCP is a so called “living” document. Updates to the plan are ongoing with changes incorporated annually at a minimum. Individual plan components are reviewed with oversight from FairPoint’s Risk Management Team. In 2013, FairPoint began the process of migrating the BCP onto a cloud based solution which will allow access to the plan components from any computer, smartphone and tablet.

3.11 Kansas Universal Service Fund

Beginning March 1, 1997, the Company will assess a fee for funding of the Kansas Universal Service Fund (KUSF), including Kansas Lifeline Service Program (KLSP), and the Kansas Telecommunications Access Program (TAP). These funds were enacted by the Kansas Legislature in 1996, and authorized by the Kansas Corporation Commission on December 27, 1996 in Docket No. 190,492-U. The Amount of the fee may vary as determined by the Fund Administrator.

3.12 Lifeline Service

The Lifeline Service (Lifeline) program, sponsored by the FCC, is a program designed to maintain and preserve universal service by providing a reduction in the price of basic residential local exchange service to qualifying low-income customers.

a. General

1. Lifeline is a federally funded reduction of local service charges. Eligible applicants will receive a reduction of $9.25 on their local telephone bill.
(T) Lifeline customers will also receive additional Lifeline Service reductions in Interstate local service of $7.77.

2. Local service for Lifeline customers may not be disconnected for non-payment of toll charges.
   (a) Toll Restriction Service will be provided to Lifeline customers at no charge.
   (b) Lifeline customers are not required to accept Toll Restriction Service as a condition to avoid disconnection of local service for non-payment of toll.
   (c) Lifeline customers are not required to pay a deposit in order to obtain local service if the customer voluntarily elects installation of Toll Restriction Service.

3. Partial payments from Lifeline customers will be applied first to local service charges and then to toll charges.

4. Lifeline customers will not be denied re-establishment of service on the basis that the customer was previously disconnected for non-payment of toll charges.

5. Lifeline will not be furnished on a Foreign Exchange service arrangement.

b. Eligibility Requirements

1. Lifeline will be provided for one (1) telephone line per household, at the customer's principal place of residence who have only one local exchange access line to his/her residential premises or dwelling place. Verification of this requirement will be through self-certification.

A residential premises or dwelling place is that location where a customer resides, even if such residential premises or dwelling place is only a single room. Lifeline will not be provided if the customer has access to other local exchange telephone service within the residential premises or dwelling place, provided/owned by himself/herself or owned/provided by others. If, however, it can be determined by the Company that access to other existing local exchange telephone service owned/provided by others is virtually denied, or is inaccessible to the customer, then Lifeline Service will be provided.
