APPENDIX C

PROPOSED REVISED FORM 499-A
Block 1: Contributor Identification Information

During the year, filers must refile Blocks 1, 2 and 6 if there are any changes in Lines 104 or 112. See Instructions.

101 Filer 499 ID [If you don't know your number, contact the administrator at (888) 641-8722.]
   If you are a new filer, write “new” in this block and a Filer 499 ID will be assigned to you.

102 Legal name of reporting entity

103 IRS employer identification number [Enter 9 digit number]

104 Name telecommunications provider is doing business as

105 Telecommunications activities of filer [Select up to 5 boxes that best describe the reporting entity. Enter numbers starting with “1” to show the order of importance -- see directions.]
   All Distance
   Incumbent LEC
   Paging & Messaging
   Shared-Tenant Service Provider / Building LEC
   If Other Local, Other Mobile or Other Toll is checked, describe carrier type / services provided:

106.1 Holding company name (All affiliated companies must show the same name on this line.)

106.2 Holding company IRS employer identification number [Enter 9 digit number]

107 FCC Registration Number (FRN) [https://svartifoss2.fcc.gov/cores/CoresHome.html]
   [For assistance, contact the CORES help desk at 877-480-3201 or CORES@fcc.gov] [Enter 10 digit number]

108 Management company [If filer is managed by another entity]

109 Complete mailing address of reporting entity corporate headquarters
   Note: this address will be used for the ITSP FCC regulatory fee billing unless the appropriate box is checked on Line 208.

110 Complete business address for customer inquiries and complaints
    check if same address as Line 109

111 Telephone number for customer complaints and inquiries [Toll-free number if available] ( ) - ext -

112 List all trade names used in the past 3 years in providing telecommunications. Include all names by which you are known by customers.

Block 2-C: FCC Registration and Contact Information

Filers must refile Blocks 1, 2 and 6 if there are any changes in this section. See Instructions.

219 Filer 499 ID [from Line 101]

220 Legal name of reporting entity [from Line 102]

221 Chief Executive Officer (or, highest ranking company officer if the filing entity does not have a chief executive officer)
First Name                      M.                      Last Name

222 Business address of individual named on Line 221
Street 1
Street 2
Street 3
City                      State                      Zip (postal code)                      Country if not USA

check if same as Line 109

223 Second ranking company officer, such as Chairman (Must be someone other than the individual listed on Line 221)
First Name                      M.                      Last Name

224 Business address of individual named on Line 223
Street 1
Street 2
Street 3
City                      State                      Zip (postal code)                      Country if not USA

check if same as Line 109

225 Third ranking company officer, such as President or Secretary (Must be someone other than individuals listed on Lines 221 or 223)
First Name                      M.                      Last Name

226 Business address of individual named on Line 225
Street 1
Street 2
Street 3
City                      State                      Zip (postal code)                      Country if not USA

check if same as Line 109

227 Indicate jurisdictions in which the filing entity provides service. Include jurisdictions in which service was provided in the past 15 months and jurisdictions in which service is likely to be provided in the next 12 months.

Report billed revenues for January 1 through December 31, 2005. Do not report any negative numbers. Dollar amounts may be rounded to the nearest thousand dollars. However, report all amounts as whole dollars.

See instructions regarding percent interstate & international.

### Revenues from Services Provided for Resale as Telecommunications by Other Contributors to Federal Universal Service Support Mechanisms

#### Fixed Local Service
- Monthly service, local calling, connection charges, vertical features, and other local exchange service including subscriber line and PICC charges to IXC

#### Toll Service
- Operator and toll calls with alternative billing arrangements (credit card, collect, international call-back, etc.)

### Note:
As stated in the instructions, for all revenues reported on this page, you must retain the Filer 499 ID and contact information for the associated customers. You must verify that each of these customers was a direct contributor to the federal universal service support mechanism for calendar year 2005 and that the customer is purchasing service for resale as telecommunications. These records must be made available to the administrator or the FCC upon request. The FCC website contains information on federal universal service contributors. (See instructions.)

**PERSONS MAKING WILLFUL FALSE STATEMENTS IN THE WORKSHEET CAN BE PUNISHED BY FINE OR IMPRISONMENT UNDER TITLE 18 OF THE UNITED STATES CODE, 18 U.S.C. § 1001**

FCC Form 499-A (revised)
August 2006
## 2006 FCC Form 499-A Telecommunications Reporting Worksheet (Reporting Calendar 2005 Revenues)

### Block 4-A: End-User and Non-Telecommunications Revenue Information

<table>
<thead>
<tr>
<th>Line</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>401</td>
<td>Filer 499 ID [from Line 101]</td>
</tr>
<tr>
<td>402</td>
<td>Legal name of reporting entity [from Line 102]</td>
</tr>
</tbody>
</table>

Report billed revenues for January 1 through December 31, 2005. Do not report any negative numbers. Dollar amounts may be rounded to the nearest thousand dollars. However, report all amounts as whole dollars. See instructions regarding percent interstate & international revenues.

If breakouts are not booked, enter whole dollar amounts. Enter whole dollar amounts, not percentage estimates. See instructions regarding percent interstate & international revenues.

### Revenues from All Other Sources (end-user telecom. & non-telecom.)

<table>
<thead>
<tr>
<th>Line</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>403</td>
<td>Suchcharges or other amounts on bills identified as recovering State or Federal universal service contributions</td>
</tr>
</tbody>
</table>

#### Fixed Local Services

- Monthly service, local calling, connection charges, vertical features, and other local exchange service charges except for federally tariffed subscriber line charges and PICC charges

#### Interconnected VoIP

- Provided at a flat rate including interstate toll service
- Provided without interstate toll included (see instructions)

#### Other Local Telecommunications Service Revenues

- Tariffed subscriber line charges and PICC charges levied by a local exchange carrier on a no-PIC customer
- Local private line & special access service
- Payphone coin revenues (local and long distance)
- Other local telecommunications service revenues

**Mobile Services (including wireless telephony, paging & messaging, and other mobile services)**

- Monthly and activation charges
- Message charges including roaming and air-time charges for toll calls, but excluding separately stated toll charges

Filers that report revenues in Block 3 and Block 4 must provide the percentages requested in Lines 503 through 510. See page 27 of instructions for limited exceptions.

Percentage of revenues reported in Block 3 and Block 4 billed in each region of the country. Round or estimate to nearest whole percentage. Enter 0 if no service was provided in the region.

#### 503 Southeast:
Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, Puerto Rico, South Carolina, Tennessee, and U.S. Virgin Islands

#### 504 Western:
Alaska, Arizona, Colorado, Idaho, Iowa, Minnesota, Montana, Nebraska, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, and Wyoming

#### 505 West Coast:
California, Hawaii, Nevada, American Samoa, Guam, Johnston Atoll, Midway Atoll, Northern Mariana Islands, and Wake Island.

#### 506 Mid-Atlantic:
Delaware, District of Columbia, Maryland, New Jersey, Pennsylvania, Virginia, and West Virginia

#### 507 Mid-West:
Illinois, Indiana, Michigan, Ohio, and Wisconsin

#### 508 Northeast:
Connecticut, Maine, Massachusetts, New Hampshire, New York, Rhode Island, and Vermont

#### 509 Southwest:
Arkansas, Kansas, Missouri, Oklahoma, and Texas

#### 510 Total

### Line 511
Revenues from resellers that do not contribute to Universal Service support mechanisms are included in Block 4-B, Line 420 but may be excluded from a filer's TRS, NANPA, LNP, and FCC interstate telephone service provider regulatory fee contribution bases. To have these amounts excluded, the filer has the option of identifying such revenues below. As stated in the instructions, you must have in your records the FCC Filer 499 ID for each customer whose revenues are included on Line 511. (See instructions.)

FCC Form 499-A (revised)
August 2006
Section IV of the instructions provides information on which types of reporting entities are required to file for which purposes. Any entity claiming to be exempt from one or more contribution requirements should so certify below and attach an explanation. [The Universal Service Administrator will determine which entities meet the do minimis threshold based on information provided in Block 4, even if you fail to so certify, below.]

I certify that the reporting entity is exempt from contributing to:

- Universal Service
- TRS
- NANPA
- LNP Administration

Provide explanation below:

I certify that the revenue data contained herein are privileged and confidential and that public disclosure of such information would likely cause substantial harm to the competitive position of the company. I request nondisclosure of the revenue information contained herein pursuant to Sections 0, 459, 52.17, 54.711 and 64.604 of the Commission’s Rules.

I certify that I am an officer of the above-named reporting entity as defined on page 28 of the instructions, that I have examined the foregoing report and, to the best of my knowledge, information and belief, all statements of fact contained in this Worksheet are true and that said Worksheet is an accurate statement of the affairs of the above-named company for the previous calendar year. In addition, I swear, under penalty of perjury, that all requested identification registration information has been provided and is accurate. If the above-named reporting entity is filing on a consolidated basis, I certify that this filing incorporates all of the revenues for the consolidated entities for the entire year and that the filer adhered to and continues to meet the conditions set forth in Section II-B of the instructions.

I certify that all requested identification registration information has been provided and is accurate. If the above-named reporting entity is filing on a consolidated basis, I certify that this filing incorporates all of the revenues for the consolidated entities for the entire year and that the filer adhered to and continues to meet the conditions set forth in Section II-B of the instructions.

Do not mail checks with this form. Send this form to: Form 499 Data Collection Agent c/o USAC 2000 L Street, N.W. Suite 200 Washington DC, 20036

For additional information regarding this worksheet contact: Telecommunications Reporting Worksheet information: (888) 641-8722 or via email: Form499@universalservice.org

PERSONS MAKING WILLFUL FALSE STATEMENTS IN THE WORKSHEET CAN BE PUNISHED BY FINE OR IMPRISONMENT UNDER TITLE 18 OF THE UNITED STATES CODE, 18 U.S.C. § 1001

Instructions for Completing the Worksheet for Filing Contributions to Telecommunications Relay Service, Universal Service, Number Administration, and Local Number Portability Support Mechanisms

* * * *

NOTICE: Section 52.17 of the Federal Communications Commission's rules provides that all telecommunications carriers in the United States shall contribute on a competitively neutral basis to meet the costs of establishing numbering administration, and directs that contributions shall be calculated and paid in accordance with this Telecommunications Reporting Worksheet (FCC Form 499-A or Worksheet). 47 C.F.R. § 52.17. Section 52.32 provides that the local number portability administrators shall recover the shared costs of long-term number portability from all telecommunications carriers. 47 C.F.R. § 52.32. Sections 54.706, 54.711, and 54.713 require all telecommunications carriers providing interstate telecommunications services, interconnected voice-over-Internet-protocol (VoIP) providers, providers of interstate telecommunications that offer interstate telecommunications for a fee on a non-common carrier basis, and payphone providers that are aggregators to contribute to universal service and file this Worksheet once a year and the Telecommunications Reporting Worksheet (FCC Form 499-Q) four times a year. 47 C.F.R. §§ 54.706, 54.711, 54.713. Section 64.604 requires that every common carrier providing interstate telecommunications services contribute to the Telecommunications Relay Services (TRS) Fund on the basis of its relative share of interstate end-user telecommunications revenues, with the calculation based on information provided in this Worksheet. 47 C.F.R. § 64.604(c)(5)(iii)(B). Section 64.1195 requires all telecommunications carriers to register using the FCC Form 499-A. 47 C.F.R. § 64.1195(a).

This collection of information stems from the Commission's authority under Sections 151(i), 225, 251, 254, and 258 of the Communications Act of 1934, as amended (Communications Act or Act), 47 U.S.C. §§ 151(i), 225, 251, 254, and 258. The data in the Worksheet will be used to calculate contributions to the universal service support mechanisms, the telecommunications relay services support mechanism, the cost recovery mechanism for numbering administration, and the cost recovery mechanism for shared costs of long-term number portability. Selected information provided in the Worksheet will be made available to the public in a manner consistent with the Commission's rules.

We have estimated that each response to this collection of information will take, on average, 13.5 hours. Our estimate includes the time to read the instructions, look through existing records, gather and maintain the required data, and actually complete and review the form or response. If you have any comments on this estimate, or how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0855). We also will accept your comments via the Internet if you send them to Judith-B.Herman@fcc.gov. Please DO NOT SEND COMPLETED WORKSHEETS TO THIS ADDRESS.

Remember -- You are not required to respond to a collection of information sponsored by the Federal government, and the government may not conduct or sponsor this collection, unless it displays a currently valid Office of
Management and Budget (OMB) control number. This collection has been assigned an OMB control number of 3060-0855.

The Commission is authorized under the Communications Act to collect the information we request on this form. We will use the information that you provide to determine contribution amounts. If we believe there may be a violation or potential violation of a statute or a Commission regulation, rule, or order, your Worksheet may be referred to the Federal, state, or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation, or order. In certain cases, the information in your Worksheet may be disclosed to the Department of Justice, court, or other adjudicative body when (a) the Commission; or (b) any employee of the Commission; or (c) the United States government, is a party to a proceeding before the body or has an interest in the proceeding.

With the exception of your employer identification number, if you do not provide the information we request on the Worksheet, the Commission may consider you in violation of sections 1.47, 52.17, 52.32, 54.713, 64.604, and 64.1195 of the Commission’s rules. 47 C.F.R. §§ 1.47, 52.17, 52.32, 54.713, 64.604, and 64.1195.

I. Introduction

As required under the Communications Act, the Commission has established, in a series of separate proceedings, procedures to finance interstate telecommunications relay services (TRS), universal service support mechanisms, administration of the North American Numbering Plan (NANPA), and shared costs of local number portability administration (LNPA). To accomplish these congressionally directed objectives, contributions are collected from all telecommunications carriers providing interstate telecommunications services and certain other providers of interstate telecommunications (including interconnected VoIP providers). On July 14, 1999, the Commission amended its rules so that contributors to these mechanisms need only file one Telecommunications Reporting Worksheet (Worksheet) for the purpose of determining their contribution(s). This Worksheet sets forth the information that the filer must submit, so that the administrators of these mechanisms may calculate and assess contributions.

3 In addition, common carriers use data filed on the Form 499-A to calculate their Interstate Telecommunications Service Provider (ITSP) fees. See Assessment and Collection of Regulatory Fees for Fiscal Year 2003, MD Docket No. 03-83, Report and Order, 18 FCC Rcd 15985 (2000). Section 6003(a) of the Omnibus Budget Reconciliation Act of 1993 (Public
While some entities that file the Telecommunications Reporting Worksheet may not need to contribute to each of the support and cost recovery mechanisms, in general, all telecommunications carriers and certain additional telecommunications providers must complete and file this Worksheet. These instructions contain an explanation of which filers must contribute to particular mechanisms (see Section IV-A.), but filers should consult the specific rules that govern contributions for each of the mechanisms. In general, contributions are calculated based on contributors' end-user telecommunications revenue information, as filed in this Worksheet.

By filing this Worksheet, filers may also satisfy their obligations under section 413 of the Act to designate an agent in the District of Columbia for service of process and their obligations to register with the Federal Communications Commission.

II. Filing Requirements and General Instructions

A. Who Must File

All intrastate, interstate and international providers of telecommunications within the United States, with very limited exceptions, must file the FCC Form 499-A Telecommunications Reporting Worksheet.

For purposes of determining whether an entity provides telecommunications, please note that the term "telecommunications" means the transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received. For the purpose of Law 103-66) added Section 9(a) to the Communications Act, which authorizes the Commission to collect annual regulatory fees to recover the annual costs of its enforcement, policy and rulemaking, user information, and international activities. 47 U.S.C. § 159(a), (b)(1)(A), and (g).

4 Please note that this Worksheet refers to "filers," "reporting entities," and "contributors" interchangeably, except where specifically distinguished.

5 See 47 C.F.R. §§ 52.17 (numbering administration), 52.32 (local number portability), 54.706 (universal service), and 64.604 (TRS).

6 47 U.S.C. § 413. See also 47 C.F.R. § 1.47.

7 47 C.F.R. § 64.1195.

8 For this purpose, the United States is defined as the contiguous United States, Alaska, Hawaii, American Samoa, Baker Island, Guam, Howland Island, Jarvis Island, Johnston Atoll, Kingman Reef, Midway Island, Navassa Island, the Northern Mariana Islands, Palmyra, Puerto Rico, the U.S. Virgin Islands, and Wake Island.

Instructions to the Telecommunications Reporting Worksheet, Form 499-A

filing, the term "interstate telecommunications" includes, but is not limited to, the following types of services:
wireless telephony, including cellular and personal communications services (PCS); paging and messaging services;
dispatch services; mobile radio services; operator services; access to interexchange service; special access; wide area
telecommunications services (WATS); subscriber toll-free services; 900 services; message telephone services
(MTS); private line; telex; telegraph; video services; satellite services; resale services; frame relay and ATM
services; and interconnected VoIP services. Note, for example, that all incumbent and competitive local exchange
carriers provide access services and, therefore, provide interstate telecommunications. There are no exemptions for
data or non-voice services.

Note also that entities must file this Worksheet, and are subject to the universal service contribution requirement, if
they offer interstate telecommunications for a fee to the public even if only a narrow or limited class of users could
utilize the services. Included are entities that provide interstate telecommunications to entities other than themselves
for a fee on a private, contractual basis. In addition, owners of pay telephones, sometimes referred to as "pay
telephone aggregators," must file this Worksheet. Most telecommunications carriers and all interconnected VoIP
providers must file this Worksheet even if they qualify for the de minimis exemption under the Commission's rules
for universal service.\(^\text{10}\)

Marketing agents (i.e., entities that market services on behalf of a telecommunications provider) are not themselves
telecommunications providers and are not required to file this Worksheet. The amounts remitted to or retained by
the marketing agent are treated as expenses of the underlying provider and may not be deducted from underlying
carrier revenues. A reseller is not a marketing agent.

The following three sections list types of (non-common carrier) telecommunications providers that are not required
to file the FCC Form 499-A Worksheet. Note that some carriers and telecommunications providers are required to
file this Worksheet, but may not be required to contribute to all support mechanisms. For example, some carriers
may be exempt from contributing directly to the universal service support mechanisms (e.g., because they are de minimis),
but nevertheless must file because they are required to contribute to TRS, NANPA, or LNPA. These non-
contributors must be treated as end users by their underlying carriers and therefore may end up contributing
indirectly as a result of pass-through charges.

1. Universal service exemption for de minimis telecommunications providers

Section 54.708 of the Commission's rules states that telecommunications carriers and telecommunications providers
are not required to contribute to the universal service support mechanisms for a given year if their contribution for
that year is less than $10,000.\(^\text{11}\) Thus, except as provided below, providers that offer telecommunications for a fee
exclusively on a non-common carrier basis need not file this Worksheet if their contribution to the universal service
support mechanisms would be de minimis under the universal service rules. Note: Entities that provide solely
private line service may nevertheless be considered common carriers if they offer their services directly to the public
or to such classes of users as to be effectively available directly to the public. In contrast, telecommunications
carriers (i.e., entities providing telecommunications services on a common-carriage basis) that meet the de minimis
standard must file this Worksheet (because they must contribute to other support and cost recovery mechanisms), but
need not contribute to the universal service mechanisms. Regardless, interconnected VoIP providers that meet the
de minimis standard also must file this Worksheet (but need not submit Form 499-Q). (See Figure 3 "Which
telecommunications carriers and telecommunications providers must contribute for which purposes" at page 32,
below.)

---

\(^{10}\) See 47 C.F.R. § 54.708.

\(^{11}\) Id.
Telecommunications providers providing telecommunications on a non-common carrier basis and interconnected VoIP providers should complete the table contained in Figure 1 to determine whether they meet the *de minimis* standard. To complete Figure 1, potential filers must first complete Block 4 of the Telecommunications Reporting Worksheet and enter the amounts from Line 423(d) and 423(e) in Figure 1. Telecommunications providers whose estimated contributions to universal service support mechanisms would be less than $10,000 are considered *de minimis* for universal service contribution purposes and will not be required to contribute directly to universal service support mechanisms. Use Figure 1 to calculate estimated universal service contributions for the period January 2005 through December 2005.

Note: For an interconnected VoIP provider that is filing this form as its initial 2006 filing for registration in response to the Commission’s 2006 Interim Contribution Modification Order, the *de minimis* threshold for the fourth quarter of 2006 is $2500 (one quarter of the annual *de minimis* exception).^{12}

Telecommunications providers that do not file this Worksheet because they are *de minimis* for purposes of universal service contributions (and need not file for any other purpose) should retain Figure 1 and documentation of their contribution base revenues for 3 calendar years after the date each Worksheet is due. Interconnected VoIP providers who are *de minimis* must file this Worksheet and retain Figure 1 and documentation of their contribution base revenues for 3 calendar years after the date each Worksheet is due.

---

^{12} See 2006 Contribution Methodology Reform Order at n 203.

</table>

* Unless otherwise specifically provided, an affiliate is a "person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another person." For this purpose, the term ‘owns’ means to own an equity interest (or the equivalent thereof) of more than 10 percent. See 47 U.S.C. § 153(1).

** The estimation factor is based on a contribution factor of .115, which is higher than the contribution factor announced for the first quarter of 2006, and a corresponding circularity factor of 0.102213. Actual contribution and circularity factors for 2006 may increase or decrease depending on quarterly changes in program costs and the projected contribution base. Filers whose actual contribution requirements total less than $10,000 for the calendar year will be treated as *de minimis* and will receive refunds, if necessary. Filers whose actual contribution requirements total $10,000 or more are required to contribute to the universal service support mechanisms. Note that telecommunications carriers and interconnected VoIP providers must file this Worksheet regardless of whether they qualify for the *de minimis* exemption. Telecommunications carriers may qualify for one of the exemptions to filing detailed in Sections II-A-2 or II-A-3, below.
2. **Exception for government, broadcasters, schools and libraries**

Certain entities are explicitly exempted from contributing directly to the universal service support mechanisms and need not file this Worksheet. Government entities that purchase telecommunications services in bulk on behalf of themselves (e.g., state networks for schools and libraries) are not required to file or contribute directly to universal service. Public safety and local governmental entities licensed under Subpart B of Part 90 of the Commission's rules are not required to file or contribute directly to universal service. Similarly, if an entity provides interstate telecommunications exclusively to public safety or government entities and does not offer services to others, that entity is not required to file or contribute directly to universal service. In addition, broadcasters, non-profit schools, non-profit libraries, non-profit colleges, non-profit universities, and non-profit health care providers are not required to file the Worksheet or contribute directly to universal service. As explained above, these non-contributors must be treated as end users by their underlying carriers and therefore may end up contributing indirectly as a result of pass-through charges.

3. **Exception for systems integrators and self-providers**

Systems integrators that derive less than five percent of their systems integration revenues from the resale of telecommunications are not required to file or contribute directly to universal service. Systems integrators are providers of integrated packages of services and products that may include the provision of computer capabilities, interstate telecommunications services, remote data processing services, back-office data processing, management of customer relationships with underlying carriers and vendors, provision of telecommunications and computer equipment, equipment maintenance, help desk functions, and other services and products. Entities that provide services only to themselves or to commonly-owned affiliates need not file.

**B. Filing by Legal Entity**

Each legal entity that provides interstate telecommunications service for a fee or that provides interstate interconnected VoIP service, including each affiliate or subsidiary of an entity, must complete separately and file a copy of the attached Telecommunications Reporting Worksheet, except as provided for below. Entities that have distinct articles of incorporation, articles of formation, or similar legal document are separate legal entities. Each affiliate or subsidiary should identify their ultimate controlling parent or entity on Block 1 Line 106 -- Holding Company.

Consolidated filing will be permitted only if the filing entity certifies that all of the following conditions are met:13

1. A single entity oversees the management of the affiliated systems;
2. A single entity sends bills to customers and these bills identify a single entity (or trade name) as the service provider, rather than identifying the individual legal entities;
3. All revenues are posted to a single general ledger;14
4. To the extent that separate revenue and expense accounts exist, they are derived from one consolidated set of books and the consolidated filing must cover all revenues contained in the

---

14 The FCC Form 499 Filings for the consolidated filer must reflect all revenues in this general ledger.
consolidated books;
(5) Customers have a single point of contact;
(6) The consolidated filer acknowledges that process served on the consolidated filer would represent
process served on any or all of the affiliated legal entities;
(7) The consolidated filer agrees to document and resolve all slamming complaints that might be
served on either the filing entity or any of the affiliated legal entities; ¹⁵
(8) The consolidated filer obtains a separate FCC Registration Number (FRN) from those assigned to
its affiliated legal entities;
(9) The consolidated filer acknowledges that its obligations with regard to universal service,
Telecommunications Relay Services, Local Number Portability, the North American Numbering
Plan, and regulatory fees will be based on the data provided in consolidated Worksheet filings, that
it bears the responsibility to satisfy those obligations, and that all legal entities covered by the filing
are jointly and severally liable for such obligations; and
(10) The consolidated filer acknowledges that it: (A) was not insolvent on the date it undertook to make
payments on a consolidated basis or on the date of actual payments to universal service,
Telecommunications Relay Services, Local Number Portability, the North American Numbering
Plan, and regulatory fees, and did not become insolvent as a result of such undertaking or
payments; (B) was not left with unreasonably small capital as a result of such undertaking or
payments; and (C) was not left unable to pay debts as they matured as a result of such undertaking
or payments. ¹⁶

Each year, entities choosing to file on a consolidated basis must file a statement certifying that they meet all of the
above conditions. Such certification also must include: (1) a list of the legal names of all legal entities that are
covered by the filing; (2) the FCC Form 499 identification numbers of all legal entities that are covered by the
filing; (3) the consolidated filer’s FRN; and (4) for wireless carriers, a list of all radio licenses (call signs) issued
to each legal entity covered by the filing. Consolidated filers should file this certification with the Commission’s
Data Collection Agent. Furthermore, a contributor choosing to file on a consolidated basis should recognize that
any penalties associated with failure to pay or with underpayment of any of its obligations will be assessed on the
total revenue reported on the consolidated basis, rather than on a separate legal entity basis.

¹⁵ A Commercial Mobile Radio Service (CMRS) carrier that is not subject to certain slamming regulations is not required to
certify that it will document and resolve all slamming complaints that might be served on either the filing entity or any of its
affiliated legal entities that also are not subject to the slamming regulations.

¹⁶ For purposes of this certification, the term "insolvent" means either unable to pay debts when dues or having liabilities
C. When and Where to File

Figure 2 provides the filing schedule and relevant filing addresses. If a filing date is a holiday (as defined in Section 1.4(e)(1) of the Commission's rules), Worksheets are due the next business day.

(877) 245-5277

D. Rounding of Numbers and Negative Numbers

All information provided in the Worksheet should be neatly printed in ink or typed. Please provide an original officer signature in ink on Line 606.

Dollar Amounts. Reported revenues in Blocks 3, 4 and 5 that are greater than a thousand dollars may be rounded to the nearest thousand dollars. Regardless of rounding, all dollar amounts must be reported in whole dollars. For example, $2,271,881.93 could be reported as $2,271,882 or as $2,272,000, but could not be reported as $2272 thousand, $2,270,000.00, $2,271,881.93, or $2.272 million. Please enter $0 in any line for which the filer had no revenues for the year.

Percentages. Percentages reported in Block 3 and Block 4, columns (b) and (c), should be rounded to the nearest whole percent. For example, if the exact amount of interstate revenues for a line is not known, but the filer estimates that the ratio of interstate to total revenues was .425, then the figure 43% should be reported and used for calculating the amount reported in column (b).

Negative Numbers. Filers are directed to provide billed revenues without subtracting any expenses, allowances for uncollectibles or settlement payments and without making out-of-period adjustments. Therefore, do not enter negative numbers on any billed revenue lines on the Worksheet. See instructions for Lines 421 and 422 regarding negative uncollectibles.

E. Obligation to File Revisions

Line 612 provides check boxes to show whether the Worksheet is the original April 1 filing for the year, a registration form for a new filer, a revised filing with updated registration information, or a revised filing with updated revenue data for the year. Filers must submit a revised Form 499-A if there is a change in any of the following types of information: Contributor identification contained in Block 1; regulatory contact information contained in Block 2-A; agent for service of process in Block 2-B; or FCC registration information in Block 2-C.

A filer must submit a revised Worksheet if it discovers an error in the revenue data that it reports. Companies generally close their books for financial purposes by the end of March. Accordingly, for such telecommunications providers, the April filing should be based on closed books. In filing a revised Worksheet, filers should not include (carry back or bring forward) routine out-of-period adjustments to revenue data unless such adjustments would affect a reported amount by more than ten percent. To file revised revenue data, filers must complete Block 3, Block 4, Block 5, and Block 6.
Filers should not file revised revenue information to reflect mergers, acquisitions, or sales of operating units. In the event that a filer that submitted a Form 499-A no longer exists, the successor company to the contributor's assets or operations is responsible for continuing to make assessed contribution or true-up payments, if any, for the funding period and must notify the Form 499 Data Collection Agent. If the operations of an entity ceased during the previous calendar year and are now part of a successor, the successor must include the previous calendar year revenues of the now-defunct entity with its own Worksheet. Otherwise, the defunct entity must file its own Worksheet. The entity that ceased operations may owe additional universal service contributions or may be due refunds, depending on how its FCC Form 499-A Worksheet compares to previously filed FCC Form 499-Q Worksheets. Such entities are not liable for TRS, LNP or NANPA contributions for the upcoming year. Check the appropriate boxes on Line 603 and write "Not in business as of filing date" on the explanation line.

Filers shall submit any revised FCC Form 499-A Worksheet that would result in decreased contributions by March 31 of the year after the original filing due date.\(^\text{17}\)

\section*{F. Record Keeping}

Filers shall maintain records and documentation to justify information reported in the Telecommunications Reporting Worksheet, including the methodology used to determine projections and to allocate interstate revenues, for three years. Filers shall provide such records and documentation to the Commission or the Administrator upon request.\(^\text{18}\) Entities that acquire carrier operations through acquisition of property, consolidation, merger, etc, must maintain the records of the acquired entity.\(^\text{19}\)

\section*{G. Compliance}

Failure to file the Telecommunications Reporting Worksheet or to pay contributions in a timely fashion may subject entities to the enforcement provisions of the Communications Act and any other applicable law.\(^\text{20}\) In addition, entities may be billed by the administrators for reasonable costs, including interest and administrative costs that are caused by late, inaccurate, or untruthful filing of the Worksheet or overdue contributions.\(^\text{21}\) Inaccurate or untruthful information contained in the Telecommunications Reporting Worksheet may lead to prosecution under the criminal provisions of Title 18 of the United States Code.\(^\text{22}\)

\(^\text{18}\) See 47 C.F.R. § 54.711. Administrator refers to the Universal Service Administrative Company.

\(^\text{19}\) See 47 C.F.R. § 42.1.

\(^\text{20}\) In addition, pursuant to the Debt Collection Improvement Act of 1996, the Commission shall withhold action on applications or other requests for benefits by delinquent debtors and dismiss those applications or other requests if the delinquent debt is not paid or satisfactory arrangement for payment is not made. See 47 C.F.R. § 1.1910, Amendment of Parts 0 and 1 of the Commission’s Rules, Implementation of the Debt Collection Improvement Act of 1996 and Adoption of Rules Governing Applications or Requests for Benefits by Delinquent Debtors, MD Docket No. 02-339, 19 FCC Rcd 640 (2004).

\(^\text{21}\) See 47 C.F.R. § 54.713 (universal service); 47 C.F.R. § 64.604(c)(5)(iii)(B) (TRS). See also 47 C.F.R. § 52.17(b) (NANPA); 47 C.F.R. § 52.32(c) (LNPA).

\(^\text{22}\) See 47 C.F.R. § 54.711.
III. **Specific Instructions**

A. **Block I: Filer Identification Information**

Block I of the Telecommunications Reporting Worksheet requires identification information.

Line 101 -- enter the "Filer 499 ID" number for the filing entity. This code is assigned by the Commission's Data Collection Agent after a company files its first FCC Form 499. Filer 499 IDs for current filers can be found at [http://gullfoss2.fcc.gov/cib/form499/499a.cfm](http://gullfoss2.fcc.gov/cib/form499/499a.cfm) or in the FCC report [Telecommunications Provider Locator](http://www.fcc.gov/wcb/iatd/stats.htm). This code should be entered at the top of each page on the paper version of the Worksheet, the cover letter, and on supporting documentation, if any. First time filers should write "New" in this block. The Data Collection Agent will assign a Filer 499 ID number after it receives a completed FCC Form 499-A Telecommunications Reporting Worksheet.

Line 102 -- enter the legal name of the reporting entity as it appears on articles of incorporation or articles of formation and other legal documents. Each legal entity must file a separate Worksheet unless affiliated entities are filing on a consolidated basis.  

Line 103 -- provide the Internal Revenue Service (IRS) employer identification number (EIN) for the filer. This should be the same EIN that the company uses to file federal excise taxes or income taxes, if the company offers services subject to that tax. Consolidated filers should provide the EIN of the holding company. The EIN is also known as the taxpayer identification number (TIN) or for individuals as the social security number (SSN).

Line 104 -- provide the principal name under which the company conducts telecommunications activities. This would typically be the name that appears on customer bills, or the name used when service representatives answer customer inquiries.

Line 105 -- mark the boxes that describe the telecommunications activity or activities of the filer. If more than one is appropriate, please label the telecommunications activities in order of importance to filer’s business, e.g. enter a "1" in the box for type of entity that represents the most important part of the filer's telecommunications business, enter a "2" in the box that represents the next most important part, etc. Select no more than 5 of the following categories:

- **All Distance**
  - primarily provides for a flat rate fixed local exchange service that is bundled with unmetered intrastate and interstate long distance. This category does not include interconnected VoIP.

- **CAP/CLEC**
  - (Competitive Access Provider/Competitive Local Exchange Carrier)
  - competes with incumbent local exchange carriers (LECs) to provide local exchange services, or telecommunications services that link customers with interexchange facilities, local exchange networks, or other customers, other than Coaxial Cable providers.

- **Cellular/PCS/SMR**
  - (wireless telephony)
  - (Cellular, Personal Communications Service, and Specialized Mobile Radio - telephone service provider)
  - primarily provides wireless telecommunications services (wireless telephony). This category includes all providers of real-time two-way switched voice services that interconnect with the public switched

---

23 See Section II-B, page 8, for information on making consolidated filings. See also Figure 1 (defining “affiliate”).
network, including providers of prepaid phones and public coast stations interconnected with the public switched network. This category includes the provision of wireless telephony by resale. An SMR provider would select this category if it primarily provides wireless telephony rather than dispatch or other mobile services.

Coaxial Cable -- uses coaxial cable (cable TV) facilities to provide local exchange services or telecommunications services that link customers with interexchange facilities, local exchange networks, or other customers.

Incumbent LEC -- provides local exchange service. An incumbent LEC generally is a carrier that was at one time franchised as a monopoly service provider. See 47 U.S.C. § 251(h).

Interexchange Carrier (IXC) -- provides long distance telecommunications services substantially through switches or circuits that it owns or leases.

Interconnected VoIP Provider -- provides “interconnected VoIP service” as that term is defined in 47 C.F.R. § 9.3.

Local Reseller -- provides local exchange or fixed telecommunications services by reselling services of other carriers.

Operator Service Provider (OSP) -- serves customers needing the assistance of an operator to complete calls, or needing alternate billing arrangements such as collect calling.

Paging and Messaging -- provides wireless paging or wireless messaging services. This category includes the provision of paging and messaging services by resale.

Payphone Service Provider -- provides customers access to telephone networks through payphone equipment, special teleconference rooms, etc. Payphone service providers also are referred to as payphone aggregators.

Prepaid Card -- provides prepaid calling card services by selling prepaid calling cards to the public or to retailers. Prepaid card providers typically resell the toll service of other carriers and determine the price of the service by setting the price of the card and controlling the number of minutes that the card can be used for.

Private Service Provider -- offers telecommunications to others for a fee on a non-common carrier basis. This would include a company that offers excess capacity on a private system that it uses primarily for internal purposes. This category does not include SMR operators.

Satellite Service Provider -- provides satellite space segment or earth stations that are used for telecommunications service.

Shared-Tenant Service Provider / Building LEC -- manages or owns a multi-tenant location that provides
telecommunications services or facilities to the tenants for a fee.

SMR (dispatch) (Specialized Mobile Radio Service Provider)
-- primarily provides dispatch services and mobile services other than wireless telephony. While dispatch services may include interconnection with the public switched network, this category does not include carriers that primarily offer wireless telephony. This category includes LTR dispatch or community repeater systems.

Toll Reseller
-- provides long distance telecommunications services primarily by reselling the long distance telecommunications services of other carriers.

Wireless Data
-- provides mobile or fixed wireless data services using wireless technology. This category includes the provision of wireless data services by resale.

The Worksheet also provides boxes for "Other Local," "Other Mobile," and "Other Toll." If one of these categories is checked, the filer should describe the nature of the service it provides under the check boxes.

Line 106 -- use this block to provide a common identifier for all affiliated filers. Typically, this would be the name of the filer's holding company or controlling entity, if any. The common name used by all affiliates need not be a common carrier. All reporting affiliates or commonly controlled entities should have the identical name appearing on Line 106.1 and an identical IRS employee identification number on Line 106.2.

Line 107 -- provide the FCC Registration Number (FRN) of the filing entity. The FRN is a ten-digit number that includes a check-digit. The FRN is used to identify an entity within all Commission Licensing/Filing systems and Ramis (the Commission's Revenue Accounting Management Information System.) This number is assigned by CORES (the Commission Registration System) and can be obtained at https://gullfoss2.fcc.gov/cores/CoresHome.html. For assistance, contact the CORES help desk at (877) 480-3201 or by e-mail at CORES@fcc.gov.

Line 108 -- provide the name of the management company, if the filer is managed by an entity other than itself. If the reporting entity and one or more other telecommunications provider(s) are commonly managed, then each should show the same management company on Line 108. Filers need not be affiliated to have a common management company. The management company would typically be the point of contact for the administrators of the support mechanisms.

Line 109 -- enter the complete mailing address of the corporate headquarters of the reporting entity.

Line 110 -- provide a business address of the reporting entity that could be used either for customer inquiries or that parties could use to contact the reporting entity in order to resolve complaints. If this address is the same as the mailing address of the corporate headquarters on line 109, then enter "same" on this line.

Line 111 -- enter a telephone number that can be used to resolve customer complaints, for customer service or billing inquiries. Typically, this would be a customer toll-free number, such as an 800 or 888 number.

Line 112 -- provide all names that the reporting entity used in the past three years for providing telecommunications. Consolidated filers should provide all names used by all telecommunications affiliates covered by the filing. The Worksheet provides space for additional names under which the reporting entity conducts telecommunications activities (other than that contained on Line 104). Use an additional sheet if this space is not sufficient. Enter all names by which the filer would be known to customers, government bodies, creditors, the press, etc. This list must include the filer’s billing agents if those parties, rather than the reporting entity, are identified on customer bills.
This list also should include names of predecessor companies that would have filed a universal service, TRS, NANP, local number portability (LNP) or Telecommunications Reporting Worksheet in the prior year. In such cases, include the prior Filer 499 ID as part of the name. This information will be used by the administrators in instances where other information indicates that a non-reporting entity might exist, and also to ensure that entities are not billed improperly for predecessor companies that no longer exist.

B. Block 2: Contact Information

1. Block 2-A: Regulatory Contact Information

Lines 201-202 -- copy the Filer 499 ID from Line 101 into Line 201. Copy the legal name of the reporting entity from Line 102 into Line 202.

Lines 203-206 -- enter the name, telephone number, fax number, and e-mail address of the person who filled out the FCC Form 499. This should be a person who can provide clarifications or additional information, and, if necessary, who could serve as the first point of contact in the event that either the Commission or an administrator should choose to verify or audit information provided in the Telecommunications Reporting Worksheet.

Line 207 -- provide the contact person name, office name, and mailing address of a corporate office to which future Telecommunications Reporting Worksheets should be sent. The next Telecommunications Reporting Worksheet will be mailed to this address unless other arrangements are made. Failure to receive a Telecommunications Reporting Worksheet from an administrator or the FCC does not relieve the filer from its obligation to file in a timely fashion.

Line 208 -- provide a billing contact person name and address for administrators to send billing information for contributions to the mechanisms. Information on establishing electronic fund transfer and bills for universal service, TRS, NANP or LNP contributions will be sent to this address unless other arrangements are made via written request. Filers may use a check box on Line 208 to indicate that the address should be used for FCC ITSP regulatory fee billings. If this box is not checked, an FCC ITSP regulatory fee, if due, will be sent to the address specified on Line 109.

2. Block 2-B: Agent for Service of Process

Section 413 of the Act requires each carrier “to designate in writing an agent in the District of Columbia” upon whom all notices, process, orders, and decisions made by the Commission may be served on behalf of that carrier in any proceeding pending before the Commission. 25

Lines 209-218 -- The second part of Block 2 contains information on the filer’s agents for service of process, including the agent located in the District of Columbia (“D.C. Agent”). All carriers and interconnected VoIP providers must enter the name, business address, telephone or voicemail number, facsimile number, and, if available, Internet e-mail address for their designated D.C. Agent. Note that service of any notice, process, orders, decisions, and requirements of the Commission may be made upon the reporting entity by leaving a copy thereof with this designated agent during normal business hours at the agent’s office or other usual place of residence. In addition to providing the required information on the carrier’s D.C. Agent, the reporting entity may elect to provide a local or alternate agent for service of process located outside the District of Columbia. Reporting entities other than carriers and interconnected VoIP providers need only report one agent for service of process, whether located inside the District of Columbia or otherwise.

25 47 U.S.C. § 413. See also 47 C.F.R. § 1.47(h) (stating that every common carrier and interconnected VoIP provider subject to the Act “shall designate an agent in the District of Columbia” for service of process).
