Re:  *Ex Parte Communication, WT Docket No. 14-165 and GN Docket No. 12-268*

Dear Ms. Dortch,

This letter is submitted, pursuant to Section 1.1206(b)(1) of the FCC’s rules, to notify you that representatives of the Wireless Medical Telemetry Service ("WMTS") Coalition met April 28, 2015 with the following staff members of the FCC: Julius Knapp, Ira Keltz, Geri Matise, Paul Murray, Hugh Van Tuyl, Aspasia Paroutsas, Matthew Hussey, and Rodney Small of the Office of Engineering and Technology ("OET") and Gary Epstein, Chair, Incentive Auction Task Force. The WMTS Coalition was represented by Dale Woodin, Executive Director of the American Society for Healthcare Engineering of the American Hospital Association ("ASHE"); Mark Gibson of Comsearch, the technical consultant to ASHE; Tom Peters of Hogan Lovells US LLP representing GE Healthcare; and the undersigned, counsel to ASHE and the WMTS Coalition.

The WMTS Coalition distributed the attached presentation that reiterated views expressed in its initial and reply comments in the above-referenced proceeding. The WMTS Coalition also distributed copies of letters from individual hospitals (copies attached) explaining their respective usage of WMTS. As evidence that there is no "typical" hospital, the WMTS Coalition distributed the attached photographs taken from actual hospitals employing WMTS systems. The photographs illustrate the wide variety of hospital buildings and environments in which hospitals are situated. The WMTS Coalition also described tests conducted by its members that have demonstrated that TV White Space devices will create interference to WMTS receivers at the at the proposed power and distance levels. The WMTS Coalition also discussed how interference incidents would badly disrupt patient care and hospital staffing.
Please contact the undersigned if you have any questions.

Sincerely,

/s/
Lawrence J. Movshin
