VIA ELECTRONIC FILING

Marlene H. Dortch, Secretary
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Re: IP-Enabled Services; Implementation of Sections 255 and 251(a)(2) of The Communications Act of 1934, as Enacted by the Telecommunications Act of 1996; Telecommunications Relay Services and Speech-to-Speech Services for Individuals with Hearing and Speech Disabilities; and the Use of N11 Codes and Other Abbreviated Dialing Arrangements Petition for Waiver, WC Docket No. 04-36; WT Docket No. 96-198; CG Docket No. 03-123; and CC Docket No. 92-105

Dear Ms. Dortch:

On June 23, 2010, AT&T Inc., (“AT&T”) filed a petition for an extension of waiver from the requirements of Commission Rule 64.604(a)(4) to the extent that it requires traditional telecommunications relay service (“TRS”) providers to automatically and immediately transfer 711-dialed emergency calls that originate on interconnected voice over Internet Protocol (“VoIP”) networks to an appropriate Public Safety Answering Point (“PSAP”)1. AT&T hereby respectfully requests that the Petition for Waiver be withdrawn from further Commission consideration.

The relief sought by AT&T in the Petition is deemed no longer necessary as AT&T is exiting the business as a TRS provider in 2015 and is in the process of ensuring that contractual arrangements have been made between other TRS providers and the nine states in which AT&T offered TRS as a provider.

Please contact Vonda Long-Dillard at (202) 457-2043 or at vonda.long@att.com should any questions arise concerning this filing.

Respectfully submitted,

Larry Jones
