ADDENDUM TO THE PETITION FOR RECONSIDERATION

ECFS Filing Receipt - Confirmation number: 201183450993

SPRING COVE SCHOOL DISTRICT File Nos. SLD-735147, et al.

Schools and Libraries Universal Service CC Docket No. 02-6 Support Mechanism

ORDER, DA 11-1240

Spring Cove School District now files this ADDENDUM TO THE PETITION FOR RECONSIDERATION.

After:

“Conclusion
Petitioner requests that the FCC grant Applicant’s claim that no funds are owed to the USAC, whether designated a motion for declaratory relief or an appeal.”

Insert:
When an applicant files a petition to the FCC, the Commission is there to judge or act on the filing, not change the filing to a different type of document. To change an applicant's filing from one type of petition to another goes beyond any applicant's reasonable expectation; to take such action foils a petitioner's intention and renders moot their reason for filing. No judge in any court would change the nature of a petitioner's filing from one type of document to another. To change a filing from one
type of submission to another, without even providing notice, goes too far outside of what an applicant would predict, and predictability is important from a procedural standpoint in the practice of regulatory law.

No other changes are made.

Respectfully submitted,
