Pursuant to 47 C.F.R. § 54.313(a)(5) and or 47 C.F.R. § 54.422(b)(3), Mountain View Telephone Company is in compliance with appropriate FCC Service Quality Standards, Consumer Protection Rules, as well as standards and procedures as defined in the Arkansas Public Service Commission Telecommunication Provider Rules of Practice and Procedure.

Mountain View Telephone Company provides CPNI training to all of its new employees and in addition trains all of its existing employees on an annual basis to ensure compliance with the CPNI rules, which include new carrier authentication requirements, a requirement to notify customers of account changes, and a requirement to notify both law enforcement and customers in the event of a CPNI breach. Mountain View Telephone Company trains staff on an annual basis regarding Red Flag issues to help prevent identify theft. All company employees are required to sign and acknowledge that they have completed CPNI and Red Flag training and understand obligations to adherence of applicable rules. Mountain View Telephone Company also conducts subscriber CPNI outreach by periodically placing CPNI explanation messages into subscriber’s bills and also has signage in its business office regarding CPNI rules and regulations.

Mountain View Telephone Company complies with consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3.
Pursuant to 47 C.F.R. § 54.313 (a) (10) Mountain View Telephone Company (the Company) is in compliance with the requirement that voice services is no more than two standard deviations above the national average urban rate for voice service of $47.48 as specified in Public Notice DA 14-470 issued on April 16, 2015.

This applies to all of the Company's exchanges (870-269, 870-585, 870-652, 870-757, 870-363, 870-591, 870-746, 870-948.) The Company's current total local end-user rate is $15.30. When the Arkansas High Cost Fund (5%), the Federal SLC ($6.50), ARC Charge ($1.50), and Arkansas TeleRelay Service ($0.05) are added the rate totals $24.10. Therefore Mountain View Telephone Company's pricing is not above the standard deviation as specified in the USF/ICC Transformation Order. 1

1 Local End User Rate as defined in USF/ICC Transformation Order 26 FCC Rcd at 17751, Para. 238
2 USF/ICC Transformation Order, 26 FCC Rcd at 17694, Para. 84 (footnote included) "The standard deviation is a measure of dispersion. The sample standard deviation is the square root of the sample variance. The sample variance is calculated as the sum of the squared deviations of the individual observations in the sample of data from the sample average divided by the total number of observations in the sample minus one. In a normal distribution, about 68 percent of the observations lie within one standard deviation above and below the average and about 95 percent of the observations lie within two standard deviations above and below the average."
