The California Public Utilities Commission is today separately submitting comments in response to the Federal Communications Commission’s (FCC or Commission) above-captioned *Further Notice of Proposed Rulemaking (FNPRM)* regarding the national transition of telecommunications networks. These comments were due on October 26, 2015. The CPUC was unable to submit comments by that deadline for a variety of reasons. Specifically, key CPUC staff members were out of the office at critical points in the development of these comments. In addition, the CPUC unexpectedly has sustained a significant budget constraint that has demanded considerable attention and has required an internal redirection of resources.

The CPUC respectfully asks that the FCC accept these late-filed comments.

Respectfully submitted,

AROCLES AGUILAR
HELEN M. MICKIEWICZ
