RE: MB Docket No. 10-56

Dear Chairman Genachowski:

In light of Comcast's long-standing support for diversity and for the organization I oversee, the Spanish Community Center of Joliet, I am writing to express my support for its proposed venture with NBC Universal.

As the Executive Director of the Spanish Community Center of Joliet, an organization that provides essential services to the immigrant population of Will County, Illinois, I have first hand knowledge of Comcast's commitment to diversity.

The Spanish Community Center Center's primary goal is to assist immigrant and disadvantage residents in assimilating to American society and becoming productive and contributing members of our society. A key component of that work is promoting literacy among our children and providing English as a Second language (ESL) classes in collaboration with Joliet Junior College, where I served as an Associate Vice President before joining the Center.

A generous Comcast Foundation grant to my organization provided vital support for our work promoting literacy among a diverse and disadvantage population. Thanks to the help from Comcast and other sponsors and partners, during the past 3 years we have provided free ESL instruction for 280 people, including 76 who have progressed through the intermediate and advanced levels.

As the leader of an agency that serves people from all walks of life-about 70 percent of those we serve are Hispanic, while one-quarter are African-American and about 5 percent are white. I value Comcast's similar commitment to diversity through its partnerships with leading federal, state and local policy organizations and government agencies. I also appreciate Comcast's leading role as a supporter of minority-owned businesses.

I am confident that a combined Comcast and NBC partnership will continue both companies' commitment to keep our communities not just entertained, but informed and engaged.

Sincerely,
