卷之三

^{*}Includes Digital Converter and Remote at no charge or CableCARD Channel 1 On Demand Interactive Program Guide and 40 Music Channels. Availability of Channel 1 On Demand content varies with level of service subscription.
^{**}Digital Voice and Local with More are provided by another Comcast company. Regular monthly rate for Digital Voice is \$39.95 with subscription to video service and High-Speed Internet Service. Regular monthly rate for Local with More voice service is \$24.95, and \$.05 per minute for non-local calls (with subscription to video service and High-Speed Internet Service).
[†]Limited Basic Service is required to receive any other level of video service.
[‡]Digital Converter or CableCARD required.
[§]Available with subscription to Digital Preferred or Digital Starter. In addition, a digital converter with Digital Video Recorder (DVR) capabilities is required.
[¶]Includes Interactive Program Guide, 45 Music Channels, certain digital channels, multiple access of premium service(s) subscribed to separately (where available), access to Pay-Per-View and Channel 1 On Demand. Availability of Channel 1 On Demand content requires a digital level of service and varies based on the level of service subscription.
^{**}CableCARD does not include the following interactive services, Channel 1 On Demand, Pay-Per-View and Interactive Program Guide.
^{††}HDTV Broadcast signals are included with subscription to Limited Basic Service. To receive HDTV signals provided by the company, an HDTV capable television set (not provided by the company) and an HDTV digital converter are required. In addition, to receive Expanded Basic Service, Digital Starter, Digital Classic, Sports Entertainment Package, or Premium (e.g. HBO, Showtime) HDTV signals, a subscription to that service is required.
^{§§}Home networking service available for up to 5 computers and/or other computer related devices, such as gaming consoles and printers. Comcast Certified Home Networking device required.
^{¶¶}Modem rental is only required if subscriber does not own a cable modem.
^{**}Cable Modem required.
^{††}Non-standard work includes, but is not limited to wall bypass, extension drop ceiling work, basement, crawlspace, attic work, removal and replacement of fixtures, relocation of drops, installation of customer owned equipment, such as home theater, DVI and HDTV equipment.
^{‡‡}Refers to installs up to 250 feet from existing Comcast plant, primary hub only, does not include wall bypass.
^{**}FCC Regulatory fee varies during the year based on an FCC mandated schedule. This represents the fee in place as of the printing of this schedule.
^{††}Assessed when the current bill is not paid within 45 days of the beginning of the period billed.
^{**}This service is not available in a digital/premium package and is only available as an a la carte premium service.
^{††}These price changes will be effective January 1, 2009.

XXXXXX

04-COM-00000469

Dear Comcast Customer,

At Comcast, we strive to bring you the highest quality services and programming available. During the past year, Comcast has invested in its network to offer you more variety, choice, and control. Take a look at some of the changes we've made, and those to come!

- We have added a variety of great new channels and programming, such as Versus and Golf Channel HD, TV One, Jewelry TV, and much more!
- We have added new features to the McAfee® Internet Security Suite, which is included at no extra charge with your Comcast High-Speed Internet service. New features include Identity Theft Protection, Windows Protection, and more.
- In many areas, we now offer Comcast Digital Voice®—a new choice for home phone service that's affordable and full of included features.
- We continue to offer 24/7 customer service support.
- We support the local community and employ 1,000-plus of your friends and family in our local Comcast offices.

Due to increased investments we are making in technology, programming and customer care to bring you the best services and value that we can offer, effective **January 1, 2008**, or with your first billing statement thereafter, certain service, installation, and equipment prices will change. Please see the price list that identifies the price adjustments and lists the current and new service, installation, and equipment prices. If you are currently enjoying a promotion, your price will remain in effect until your promotion's scheduled expiration date. We value you as a customer and we look forward to providing you with the best in home entertainment and communications services. If you have any questions, please call us at 1-800-COMCAST.

Thank you again for choosing Comcast

News from Comcast

Dear Valued Customer:

At Comcast, our goal is to give you more value, including the largest OnDemand library and most HD choices, a faster high-speed Internet and the newest technologies for our Comcast Digital Voice® service — a low-cost, feature-rich digital phone service. We're also redoubling our efforts to improve your experiences with us, investing more than at any other time in our 45-year history to hire, train and give our employees the tools they need to serve you better.

While we continue to make these investments, Comcast, like many other companies, is experiencing increased business and operational costs in today's challenging economic environment. As a result, beginning November 1, 2008 we are adjusting some of our prices as noted in the included rate card. If you are currently enjoying a promotion, your current pricing will remain in effect until its scheduled expiration. For the sixth consecutive year, we are not increasing our prices for our high-speed Internet and digital voice services.

While we have been highly focused on controlling our costs, price adjustments are a necessity in view of the increased cost of doing business, including gas prices, healthcare costs, increases in the cost we pay for programming, and technology and service improvements.

Comcast spends about \$6 billion a year on programming to give you the best content and the most video choices. While we have been aggressive at controlling these costs, we expect continued increases in costs we pay for programming, particularly for sports. Comcast has also increased the value of its services and made investments to be able to offer the largest OnDemand library and most HD choices, which impacts the cost of delivering television services.

Here are some of the changes we've made during the past year to give you more variety, choice and control.

- Over the last year, we have increased the number of HD channels, with the addition of 9 new channels. These include TLC HD, Disney Channel HD, ABC Family HD, CNN HD, Science Channel HD, AMC HD, FX HD, FOX News HD and Spike HD. Plus, we have expanded our HD OnDemand hours to over 500, giving Comcast customers more HD programming to choose from than anyone.
- We have expanded our OnDemand library to over 10,000 hours of regularly changing content anytime you want it, from free movies and primetime network series to music videos, concerts and an exclusive ever-expanding library of HD features.
- Exciting new digital channels such as the Big Ten Network and The Sportsman Channel (Sports Entertainment Pack), RFD-TV, WE tv and mun2.
- Performance and Performance Plus High-Speed Internet customers receive PowerBoost™, a feature that doubles your speed — up to 12Mbps with our Performance service, that's 15x faster than 768Kbps DSL — when you download large files.
- Faster than ever Comcast High-Speed Internet. Comcast customers received a free increase in upload speeds. Now you can share pictures, music and videos even faster than before with Comcast High-Speed Internet.
- The Comcast Digital Voice® Center that allows you to manage your Voice Mail online from anywhere!

DIGITAL TRANSITION? COMCAST HAS YOU COVERED!

On February 17, 2009, all over-the-air broadcast television stations will be required to transmit their programming using a digital signal. This means, after February 17, 2009, television sets without a digital tuner will not be able to receive these signals without a converter box. As a Comcast customer, this change should not affect you unless you have a television set that's not connected to cable. If you do, visit www.dtv2009.gov or call 1-888-DTV-2009 for information on subsidized converter coupons or contact www.dtv.gov or Comcast at 244-5900 or www.comcast.com/dtv to learn more about your options. The change will not affect how your analog TV functions with low power broadcast channels, gaming consoles, VCRs or DVD players.

If you have any questions, please call us at 244-5900. Thank you for choosing Comcast for your entertainment and communications needs.

*PowerBoost™ only available with Comcast's 6Mbps Performance and 8Mbps Performance Plus service. Comcast cable modem required. PowerBoost™ burst is for the first 10MB of a file. Service then reverts to promised speed. Many factors affect speed. Actual speeds vary and are not guaranteed.

Comcast Digital Voice

The New Way to Talk Their Ear Off

Comcast Digital Voice® is one of the most exciting new developments at Comcast. Enjoy unlimited nationwide calling to the U.S., Canada and Puerto Rico. Call after call, you'll always get a great deal. Simplify your life with the convenience, quality, enhanced features, crisp, clear sound and 30-day money-back satisfaction guarantee.

New Ways Comcast Saves You Money

At Comcast, we never tire of finding new ways to make sure you're getting the most out of your services. With enhanced products and new features, we continue to keep you on the cutting edge of technology while delivering you the efficiency and reliability you need to make sure your life runs smoothly. And we make sure you get all of this for one low monthly price. Get all of your services from one company, and you'll save big without the hassle of sorting through multiple bills every month. Simplify your service, simplify your life.

Digital Voice Beats the Phone Company

With popular features included and web-integrated capabilities, the phone company doesn't compare when it comes to quality and convenience. And your satisfaction is guaranteed.

Comcast Offers Speed Internet Crushes DSL

Increase your speed and immediately add hours to your day. With speeds this fast, you'll be done uploading those vacation photos before you even knew you started. DSL can't do that.

HDTV Puts TV on Your Schedule

Discover freedom like never before. Advanced technology puts control in your hands—easily record your favorite shows and replay them in eye-popping clarity when it's convenient for you.

Every Service Comes with Free Extras

From McAfee® Security Suite to The Fan™ Video Player, you get dozens of extras with every service that will enhance your experience and expand your world. And they're all absolutely free.

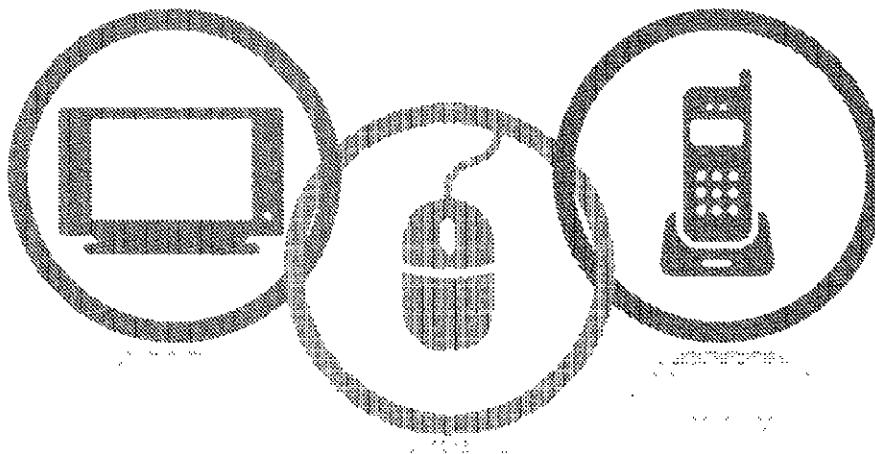

One company. One bill. Big savings!

Bundled Plans available to new and existing customers; certain restrictions apply.

Customers who have received the first year price are not thereafter eligible to receive the first year price for that plan or any same or lower value plan. Customers who have subscribed to a lower value, two or three product plan may migrate to the first year price of a higher value, three product plan at any time during the first 12 months only. Customers who subscribe to any three product service tier which includes a digital video component and who are not in a first-year price are not eligible to migrate to any first-year, two or three product price. Loyalty discounts may apply to customers with three services (one of which is a Digital Cable service) who are not on a first-year price. Call 1-800-COMCAST for more details about loyalty discounts. Customers who have, during the previous 120 days, subscribed to any service(s) (at regular or promotional prices) which do not satisfy the eligibility criteria of a first year price, are not eligible for that first year price. A "New" Customer is a Customer who has not subscribed to any Comcast service for at least 120 days prior to service activation.

** Includes a Standard Definition Digital converter for the 1st outlet. An additional \$6.00 monthly fee will apply for each High-Definition Digital converter.
