Dear Ms. Dortch:

On July 29, 2010, Cary Sherman of the Recording Industry Association of America (RIAA) had a teleconference with Zachary Katz, Legal Advisor to Chairman Genachowski. They discussed the nature of online piracy as it is evolving, the role of voluntary arrangements between network operators and content providers to protect content online from copyright infringement, and how FCC rule making may impact such arrangements.

In accordance with §1.1206 of the Commission rules, one copy of this letter is being filed electronically via ECFS, and one delivered via email to the FCC participants.

Sincerely,

/s/

Victoria Sheckler
Deputy General Counsel
Recording Industry Association of America
