Re: *In the Matter of Applications of Comcast Corporation, General Electric Company and NBC Universal, Inc. for Consent to Assign Licenses or Transfer Control of Licensees*,  
MB Docket No. 10-56

Dear Ms. Dortch:

On December 15, 2010, David L. Cohen, Executive Vice President, Comcast Corporation, met twice with Commission staff. The first meeting was with Edward Lazarus, Chief of Staff to Chairman Genachowski, and John Flynn, Senior Counsel to the Chairman for Transactions. The second meeting was with Edward Lazarus.

At both meetings, Mr. Cohen explained that the factual, economic, and legal record in this proceeding demonstrates that Comcast and NBC Universal post-transaction will have strong incentives to promote the distribution of video online, not to impede it. As a result, any conditions the Commission adopts related to online video should be narrowly tailored, especially because onerous conditions or obligations in this nascent and dynamic business could have significant unintended consequences for consumers, competition, and Comcast's and NBC Universal's businesses. Mr. Cohen's comments were consistent with the written submissions Applicants have previously filed in this proceeding.

Please contact me should you have any questions regarding this matter.

Respectfully submitted,

/s/ Michael H. Hammer
