RE: MB Docket No. 10-56

Dear Chairman Genachowski and Commissioners,

On behalf of the Japanese American Citizens League (JACL), I would like to express my strong support for the Comcast and NBC-Universal joint venture. Established in 1929, the JACL is one of the oldest and largest Asian American Civil Rights Advocacy organizations in the United States. As the Executive Director and CEO of the JACL, I know firsthand working with Comcast their commitment to valuing diversity in both the community and in its business practices.

Comcast has been a proud sponsor of JACL's Annual Gala, A Salute to Champions held in Washington D.C. and National Convention, and without their support the JACL would not be able to continue its work advocating for Asian Americans/Pacific Islanders and all underrepresented groups who face social injustice. If the two companies combined, they could deliver even newer and more innovative digital media products, ultimately strengthening their competitive edge in the digital marketplace.

The JACL has benefited greatly from the support of Comcast, and I am confident that a Comcast and NBC-Universal joint venture will lead to a continued commitment to diversity and excellence.

Sincerely,

S. Floyd Mori
National Executive Director
