RE: WT Docket No. 11-65. In the Matter of Applications of AT&T Inc. and Deutsche Telekom AG for consent to assign or Transfer Control of licenses and Authorizations.

Dear Chairman Genachowski and Commissioners:

As the Mayor of the City of Jacksonville, I have been fortunate to be a part of a progressive change that has helped set our course toward a bright future. I work daily to encourage investments that bring the latest technology to our citizens. Mobile broadband is one technology that has become critical for businesses and consumers in my city to connect to the global marketplace and encourage economic growth.

We must take advantage of this rare opportunity to provide quality service to millions of Americans. I ask that you support this merger and help our community be more prosperous through the benefits of broadband.

Sincerely,

John Peyton
Mayor
