### **MetroPCS to Launch Metro USA Nationwide Coverage**

No annual contract, pay-in-advance wireless leader will expand unlimited wireless services coverage

DALLAS – (November 4, 2010) – MetroPCS Communications, Inc. (NYSE: PCS) announced its subscribers will be able to use their MetroPCS service in areas covering more than 90% of the U.S. population with the introduction of its Metro USA<sup>SM</sup> nationwide service that launches today. MetroPCS customers can begin to enjoy unlimited talk, text and Web services wherever they go in the nation on their existing MetroPCS service plan.

“Metro USA<sup>SM</sup> is yet another key milestone for our company as we have expanded nearly everywhere where our customers may use their service in the majority of the United States,” said Roger Linquist, chairman, president and CEO of MetroPCS. “Our customers already benefit from the affordability, flexibility and predictability of our Wireless for All<sup>SM</sup> service, and now they can use their wireless services nearly anywhere they go in the nation. Consumers demand a better experience with more value without being tethered to an annual contract, which is why we expect the addition of Metro USA<sup>SM</sup>, at no additional cost, to make our wireless services more attractive.”

MetroPCS’ Wireless for All unlimited plans range from \$40 to \$60 per month, including applicable taxes and regulatory fees, and the company has a full portfolio of handsets ranging from smartphones, messaging devices and feature handsets for every budget and lifestyle. Additionally, MetroPCS enables consumers to do more with 4G services with new service plans launched in Dallas/Fort Worth, Detroit, Las Vegas, Los Angeles and Philadelphia.

For more information about Metro USA, the 4G network, Wireless for All plans and devices, please visit [www.metropcs.com](http://www.metropcs.com).

#### About MetroPCS Communications, Inc.

Dallas-based MetroPCS Communications, Inc. (NYSE: PCS) is a provider of unlimited wireless communications service for a flat-rate with no annual contract. MetroPCS is the fifth largest facilities-based wireless carrier in the United States based on number of subscribers served and has access to licenses covering a population of approximately 146 million people in many of the largest metropolitan areas in the United States. As of September 30, 2010, MetroPCS had approximately 7.9 million subscribers. For more information please visit [www.metropcs.com](http://www.metropcs.com).

#### Forward-Looking Statements

Except for the historical information contained herein, this press release contains forward-looking statements as defined within Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities and Exchange Act of 1934, as amended. These statements, including those pertaining to 4G LTE Services and networks, availability of service and customer acceptance of MetroPCS' services, are subject to risks and uncertainties and are based upon MetroPCS management's experience in the industry, as well as its perceptions of historical trends, current conditions, expected future developments and other factors management believes are appropriate under the circumstances as of the date of this press release unless specified as of some earlier date. A fuller description of these risks can be found in MetroPCS Communications, Inc.'s annual and quarterly filings with the Securities and Exchange Commission. Actual financial results, performance or results of operations may differ materially from forward-looking statements expressed in this release.

### **MetroPCS Expands Unlimited Nationwide<sup>SM</sup> Service**

#### **Extended Coverage Footprint to Provide Customers with More Coverage Areas and Greater Flexibility**

DALLAS--(BUSINESS WIRE)--Sep. 30, 2009-- In a continuing effort to offer consumers added value, MetroPCS Communications, Inc. (NYSE: PCS), the nation's leading provider of unlimited, flat-rate, no signed contract wireless communications service, announces the expansion of MetroPCS Unlimited Nationwide<sup>SM</sup> service to include new areas of the Midwest, Northwest and parts of the Eastern United States. With this expansion, MetroPCS has nearly doubled the number of cities and towns included in MetroPCS Unlimited Nationwide<sup>SM</sup> to more than 11,000 cities and towns in the continental United States. This expanded coverage is available at no extra charge in MetroPCS' current \$40 and higher rate plans. For more information on MetroPCS and coverage areas, please go to [www.metropcs.com](http://www.metropcs.com).

"This expansion represents even more value and convenience to our customers," said Roger Linnquist, chairman, president and chief executive officer of MetroPCS. "With the expanded MetroPCS Unlimited Nationwide<sup>SM</sup> service, customers will have the opportunity to use their MetroPCS service as they travel throughout the United States. This is yet again another example of how MetroPCS continues to provide its customers with greater service, flexibility and convenience at a lower cost."

MetroPCS' plans range from \$30 to \$50 per month and allow subscribers to talk all they want seven days a week. Unlike most carriers, MetroPCS does not require a signed contract, which

means that consumers can activate service without going through a credit check or paying a deposit. MetroPCS also offers a number of unlimited service options, including unlimited family plans and unlimited international calling. Unlimited international calling allows MetroPCS customers to call more than 100 countries and over 1,000 destinations and is available on the \$45 and higher rate plans for an additional \$5 per month.

Consumers can visit any of MetroPCS' current authorized dealer locations or visit MetroPCS' Web site at [www.metropcs.com](http://www.metropcs.com) for more information about plans and coverage as well as the international locations covered by unlimited international calling.

#### **About MetroPCS Communications, Inc.**

Dallas-based MetroPCS Communications, Inc. (NYSE: PCS) is a provider of unlimited wireless communications service for a flat-rate with no signed contract. Currently, MetroPCS is the fifth largest facilities-based carrier in the United States and has access to licenses covering a population of approximately 145 million people in the largest metropolitan areas in the United States, including New York City, Los Angeles, San Francisco, Dallas, Philadelphia, Atlanta, Jacksonville, Detroit, Boston, Miami, Las Vegas, Orlando, Tampa and Sacramento. As of June 30, 2009, MetroPCS had approximately 6.3 million subscribers. For more information please visit [www.metropcs.com](http://www.metropcs.com).

MetroPCS Unlimited Nationwide<sup>SM</sup> is a registered service mark of MetroPCS.
