Re: WT Docket No. 11-18
File No. 0004566825
RM-11592

Dear Madam Secretary:

Yesterday, the undersigned, representing King Street Wireless, L.P., and Grant Spellmeyer, Joe Hanley, Jeff Baenke, Roberto Yanez, and Narothing Saxena, all representing U.S. Cellular, Corp., ("USCC") met with Jim Schlichting and Tom Peters of the Wireless Telecommunications Bureau and discussed matters as set forth below. No materials were handed out and several of the USCC representatives participated via telephone.

In response to questions from Bureau representatives, the Bureau was advised that:

1. King Street, in conjunction with USCC, plans to provide LTE services in select markets, likely commencing in the first quarter of 2012.
2. The joint effort involves only limited OEM support at this time.
3. With respect to initial devices, we expect to offer a tablet and a smartphone.
4. The LTE offering will be data only, although it likely will be combined with some form of voice offering.

5. Handsets will involve dual radios at multiple band chips.
6. The offering is expected to expand over time, to include additional markets in a series of build out waves.

Should any questions arise, please communicate directly with the undersigned.

Very truly yours,

/s/ Thomas Gutierrez
Counsel for King Street Wireless, L.P.
