Re: IB Docket No. 08-184
Ex Parte Filing

Dear Ms. Dortch:

Pages 6-7 of the narrative accompanying the transfer of control applications in the above-referenced proceeding describe certain interests held by Harbinger Capital Partners Master Fund I, Ltd. and Harbinger Capital Partners Special Situations Fund, L.P. (collectively, "Harbinger") in FCC-licensed companies in addition to their interest in SkyTerra.¹ Pursuant to Section 1.65 of the Commission's rules,² attached to this letter is a revised version of the description on pp. 6-7 that has been updated through February 17, 2012 and has been consolidated into a single page.

¹ Harbinger filed an updated version of the narrative on March 27, 2009, and on April 8, 2010, it filed a revised version of the description on pp. 6-7, updated through the March 26, 2010, release date of the Commission's Memorandum Opinion and Order and Declaratory Ruling in this matter. Since that time Harbinger began submitting monthly updates.

² 47 C.F.R. § 1.65.

ATTACHMENT

As of February 15, 2012, Harbinger owned approximately 3% of the voting shares and approximately 18% of the equity of TerreStar Corporation (“TerreStar”), as well as debt instruments in TerreStar. A wholly-owned subsidiary of TerreStar’s (approximately) 88% subsidiary, TerreStar Networks Inc., holds an FCC letter of intent (“LOI”) authorization for the launch and operation in the United States of TerreStar-1, a Canadian-licensed S-band MSS satellite that was launched in July 2009 and has a footprint covering the United States and Canada. Harbinger’s minority interest in TerreStar is non-controlling.

In addition to their interests in TerreStar, the Harbinger Capital Partners Funds have interests in many companies, including the following FCC-licensed telecommunications and media companies in which Harbinger holds an equity interest of 10% or more¹: One Dot Six Corp.² and, indirectly, One Dot Four Corp.³ Harbinger also has an interest in Augere Holdings (Netherlands) B.V., a Dutch private limited liability company that currently provides broadband internet services in emerging markets in South Asia.

¹ Although neither a voting nor equity interest of 10% or more, we note that Harbinger holds 0.46% of the debt of Sprint Nextel bonds. Although well below 10%, it is also noted that Harbinger has 100 shares of the issued and outstanding ordinary (voting) shares of Inmarsat plc. Although also well below 10%, it is noted that Harbinger continues to report in its quarterly Securities and Exchange Commission filings that it is the beneficial owner of 1,142,000 shares of Leap Wireless International Inc., which constitutes a 1.46% position (the “Leap Shares”). However, because the Leap Shares were held in an account at Lehman Brothers, Harbinger believes at this time that it will not recover the Leap Shares and it does not otherwise have the ability to vote or control them. Please see the disclosure set forth on the first page of Schedule 13F filed by Harbinger on November 16, 2009 located at

http://www.sec.gov/Archives/edgar/data/1371517/000091957409016261/d1045604_13f-hr.txt.

² Harbinger and its affiliates own approximately 99.8% of One Dot Six Corp., which is the lessee under a long term *de facto* transfer lease of a nationwide license in the 1670-1675 MHz band.

³ Harbinger and its affiliates, through their investment in LightSquared Inc., own an interest in One Dot Four Corp., which is the lessee under a long term spectrum manager lease of various licenses in the 1.4 GHz band.
