Re: Request for Information Concerning Applications of GCI Communication Corp. and ACS License Sub, Inc., ACS of Anchorage License Sub, Inc., and UNICOM, Inc., Assignment of Licenses to The Alaska Wireless Network, LLC (WT Docket No. 12-187)

Dear Ms. Dortch:

On January 29, 2013, FCC staff asked Verizon Wireless to supplement its January 18, 2013 document production¹ with two additional documents. This letter and the enclosures hereto respond to this request. The requested documents are included on the CD labeled “VZW003 – Document Production 2.” The password for the CD labeled “VZW003 – Document Production 2” is [BEGIN HIGHLY CONFIDENTIAL] [END HIGHLY CONFIDENTIAL].

These documents include highly confidential information that is some of Verizon Wireless’ most sensitive business information, is not available from publicly available sources, has been kept strictly confidential by Verizon Wireless, and is subject to protection under FOIA and the Commission’s implementing rules. Moreover, the Information Request states that Verizon Wireless’ response “will be treated as highly confidential” pursuant to the Second Protective Order released in this proceeding.² Accordingly, Verizon Wireless has marked these documents as Highly Confidential pursuant to the Second Protective Order.

Please contact the undersigned if you have any questions.

Sincerely,

John T. Scott, III
