DA No. 09-1275

Report No. SAT-00610

Friday June 5, 2009

POLICY BRANCH INFORMATION

Actions Taken

The Commission, by its International Bureau, took the following actions pursuant to delegated authority. The effective date of these actions is the release date of this Notice, except where an effective date is specified.

SAT-LOA-20080416-00085 E S2750 Intelsat LLC
Launch and Operating Authority
Grant of Authority Effective Date: 05/29/2009

Nature of Service: Fixed Satellite Service

On May 29, 2009, the Policy Branch granted, with conditions, Intelsat North America LLC's application to construct, launch, and operate an extended Ku/conventional Ku-band Fixed Satellite Service (FSS) space station (Call Sign: S2750) at the 58.1° W.L. orbital location using the 13.75-14.5 GHz (Earth-to-space) and 11.7-12.2 GHz (Space-to-earth) frequency bands. In granting the application, the Policy Branch found that Intelsat had satisfied the first three milestones (execute a binding non-contingent contract for construction, complete the critical design review, and commence construction) required for a geostationary satellite. The milestone and bond requirements for the space station authorization were adjusted accordingly.

INFORMATIVE

SAT-MOD-20090529-00062 AMSC-1 SkyTerra Subsidiary LLC

On May 29, 2009, SkyTerra Subsidiary LLC withdrew its pending application (SAT-MOD-20090529-00062) for authority to operate MSAT-2 (formally AMSC-1) at 103.3 deg. W.L. orbital location.

For more information concerning this Notice, contact the Satellite Division at 202-418-0719; TTY 202-418-2555.
