APPLICATIONS FILED FOR THE TRANSFER OF CONTROL OF PAETEC HOLDING CORPORATION TO WINDSTREAM CORPORATION

PLEADING CYCLE ESTABLISHED

WC Docket No. 11-142

Comments Due: September 29, 2011
Reply Comments Due: October 6, 2011

PAETEC Holding Corporation (PAETEC) and Windstream Corporation (Windstream) (together, Applicants) filed applications pursuant to section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, seeking approval for various assignments and transfers of control of PAETEC and its subsidiaries to Windstream.

PAETEC, a Delaware corporation, provides – through its competitive local exchange carrier (LEC) subsidiaries – telecommunications services primarily to business customers in 49 states and the District of Columbia.¹ PAETEC operates seven data centers in the United States and owns approximately 36,700 route miles of fiber in portions of 39 states and the District of Columbia. Applicants state that neither PAETEC nor its subsidiaries provide incumbent LEC services in any state.

Windstream, a publicly-traded Delaware corporation with no 10 percent or greater interest holders, provides incumbent LEC services in Alabama, Arkansas, Florida, Georgia, Iowa, Kentucky, Minnesota, Mississippi, Missouri, Nebraska, New Mexico, New York, North Carolina, Ohio, Oklahoma, Pennsylvania, South Carolina and Texas. Windstream's competitive LEC subsidiaries offer service in Alabama, Arkansas, Florida, Georgia, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Minnesota, Mississippi, Missouri, Nebraska, North Carolina, Ohio, Oklahoma, Pennsylvania, South Carolina,

¹ This includes all states with the exception of Alaska. The following subsidiaries of PAETEC hold section 214 authorization: PaeTec Corp. (holding international 214 authorization through its subsidiaries PaeTec Communications, Inc. and PaeTec Communications of Virginia, Inc.); McLeodUSA Telecommunications Services L.L.C.; US LEC LLC; US LEC Communications, LLC; US LEC of Alabama, LLC; US LEC of Florida; US LEC of Georgia; US LEC of Maryland; US LEC of North Carolina, LLC; US LEC of Pennsylvania, LLC; US LEC of South Carolina, LLC; US LEC of Tennessee, LLC; US LEC of Virginia, LLC; Cavalier Telephone, LLC; Cavalier Telephone Mid-Atlantic, LLC; Talk America, Inc.; Talk America of Virginia, Inc.; LDMI Telecommunications, Inc.; Network Telephone Corp.; The Other Telephone Company, Inc.; and Intellifiber Networks, Inc. Except for PAETEC Corp. and US LEC LLC, which only hold international section 214 authorizations under which certain of their subsidiaries operate, and Talk America of Virginia, Inc., which only holds domestic 214 authorization, each PAETEC Licensee holds domestic section 214 authorization and holds (or operates under a parent company's) international section 214 authorization. Applicants filed a supplement to their applications on September 14, 2011.

Tennessee, and Texas and Wisconsin. Applicants state that there are certain markets in Buffalo and Syracuse, New York; Charlotte, North Carolina; Atlanta, Georgia; and Louisville and Winchester, Kentucky in which PAETEC's competitive LEC service areas overlap with Windstream's incumbent LEC service areas.

Pursuant to an Agreement and Plan of Merger (the Agreement), by and among Windstream, Peach Merger Sub, Inc. (MergerCo) (a direct, wholly-owned subsidiary of Windstream created for the purpose of the merger), and PAETEC, Windstream will acquire PAETEC. Under the terms of the Agreement, PAETEC will merge with MergerCo, and upon consummation of the merger, PAETEC will continue as the surviving corporation in the merger as a wholly owned subsidiary of Windstream. Thus, as a result of the proposed transaction, Windstream will be the new parent company of PAETEC and its subsidiaries.

Applicants state that the proposed transaction is in the public interest. They maintain that acquisition of PAETEC will expand the network coverage of Windstream's subsidiaries to 42 states and expand Windstream's route miles to 100,000 miles across the country, thus advancing Windstream's ability to deploy and maintain innovative telecommunications offerings, benefiting consumers and serving the public interest, convenience and necessity. Applicants claim that the transaction will also allow each merging company to benefit from the other's innovative product offerings, advanced network capabilities, technical and financial strengths and complementary services, which together will help the combined entity compete with local exchange carriers, incumbent cable companies and other communications carriers. Applicants assert that there are a minimal number of overlaps between Windstream's incumbent LEC and PAETEC's competitive LEC operations, and that there are other competitors in each of these overlapping areas. Finally, Applicants submit that the transaction itself is not expected to adversely affect customers' rates or other terms of service.

SECTION 214 AUTHORIZATIONS

A. Domestic

The Applicants filed an application to transfer control of domestic section 214 authority in connection with the proposed transaction.² They do not seek streamlined treatment for this application under section 63.03(b) of the Commission's rules.³ In light of the multiple applications pending before the Commission with respect to this transaction and the public interest review associated with them, the domestic transfer of control application is not subject to streamlined treatment.⁴
