Section 214 Application

Applicant: Insight Phone of Indiana, LLC d/b/a Insight Phone

On **May 2, 2013**, **Insight Phone of Indiana, LLC d/b/a Insight Phone** (Insight or Applicant), located at **60 Columbus Circle, New York, NY 10023**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue certain domestic telecommunications services in Evansville and New Albany, Indiana. With an amendment filed on May 20, 2013, Insight clarified certain details regarding the services affected by the proposed discontinuance.¹ Accordingly, Insight's application is deemed complete as of May 20, 2013.

Insight indicates that it currently offers circuit-switched local services and domestic and international long distance services in Evansville and New Albany, Indiana. Insight asserts that its local telephone service offering includes access to long distance and international services, and that some of its customers purchase the local circuit-switched service with long distance and/or international telephone service provided by Insight. Insight explains, however, that it is changing its telephone service offerings and that, on or after June 28, 2013, it plans to discontinue its provision of circuit-switched local services and domestic and international long distance services in Evansville and New Albany, Indiana.² Insight maintains that approximately 2,950 customers will be affected by this proposed discontinuance and that no stand-alone long distance or international service is being discontinued. Insight states that it notified all affected customers of the proposed discontinuance by letters sent via U.S. mail on April 30, 2013. Insight indicates that the notice informed customers of their option to switch to Insight's Digital Phone (VoIP) service at no additional cost, as well as their option to obtain alternative service from other service providers in the area. Insight maintains that neither the present nor the future public convenience and necessity will be adversely affected by the proposed discontinuance because customers have been

provided with adequate notice, and the public has access to comparable domestic telephone services offered in the area at competitive prices. Insight represents that it is non-dominant with respect to the services it proposes to discontinue.

In accordance with section 63.71(c) of the Commission's rules, Insight's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies Insight that the grant will not be automatically effective. In its amended application, Insight indicates that it plans to discontinue its provision of circuit-switched local services and domestic and international long distance services in Evansville and New Albany, Indiana on or after June 28, 2013. Accordingly, pursuant to section 63.71(c), absent further Commission action, Insight may terminate its circuit-switched local and domestic long distance services in Evansville and New Albany, Indiana on or after **June 28, 2013**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

Comments objecting to this application must be filed with the Commission on or before **June 10, 2013**. Such comments should refer to **WC Docket No. 13-129 and Comp. Pol. File No. 1106**.
