**Section 214 Application**

**Applicants: Verizon New York Inc., Verizon New England Inc., Verizon New Jersey Inc., Verizon Pennsylvania LLC, Verizon Delaware LLC, Verizon Maryland LLC, Verizon Virginia LLC and Verizon Washington, DC Inc.**

On September 3, 2013 Verizon New York Inc., located at 140 West Street, New York, NY 10007; Verizon New England Inc., located at 125 High Street – Oliver Tower 7th Floor, Boston, MA 02110; Verizon New Jersey Inc., located at 540 Broad Street, Newark, NJ 07102; Verizon Pennsylvania LLC, located at 1717 Arch Street, Philadelphia, PA 19103; Verizon Delaware LLC, located at 901 Tatnall Street, Wilmington, DE 19801; Verizon Maryland LLC, located at 1 East Pratt Street, Baltimore, MD 21202; Verizon Virginia LLC, located at 22001 Loudoun County Parkway, Ashburn, VA 20147; and Verizon Washington, DC Inc., located at 1300 I Street, N.W., Suite 400 West, Washington, D.C. 20005 (collectively Verizon or Applicants), filed a joint application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue certain domestic telecommunications services throughout Verizon's service territory in Connecticut, New York, Massachusetts, and Rhode Island for DOVPATH (collectively DOVPATH Service Areas); Pennsylvania, Delaware, Maryland, Virginia, New Jersey, the District of Columbia, Massachusetts, and Rhode Island for Wideband Analog (collectively Wideband Analog Service Areas); and Pennsylvania, Maryland, Virginia, the District of Columbia, Delaware, New Jersey, Connecticut, New York, Massachusetts, and Rhode Island for Wideband Data (collectively Wideband Data Service Areas).

The application indicates that Verizon currently offers DOVPATH in the DOVPATH Service Areas, Wideband Analog in the Wideband Analog Service Areas, and Wideband Data in the Wideband Data Service Areas. Verizon describes DOVPATH as a service that provides an analog channel for both synchronous and asynchronous data transmission.<sup>1</sup> Verizon defines Wideband Analog as a service that

<sup>1</sup> Verizon states that DOVPATH is described in Verizon's FCC Tariff No. 11, Section 7.2.12.

provides an analog channel with a bandwidth measured in kHz for the transmission of a wideband signal.<sup>2</sup> Verizon explains that Wideband Data provides an analog channel for the transmission of synchronous serial data or asynchronous serial data.<sup>3</sup> Verizon states that it plans to discontinue DOVPATH, Wideband Analog and Wideband Data in their respective Service Areas on or after December 19, 2013, pending Commission authorization. Verizon indicates that it plans to discontinue these services because they are outdated and customers no longer use or want them. In fact, Verizon notes that no customers currently subscribe to DOVPATH, Wideband Analog or Wideband Data and, therefore, there are no affected customers that require notice. Verizon asserts that it is considered dominant with respect to the services to be discontinued.

In accordance with section 63.71(c) of the Commission's rules, Verizon's application will be deemed to be granted automatically on the 60th day after the release date of this public notice, unless the Commission notifies Verizon that the grant will not be automatically effective. In the application and notice to customers, Verizon indicates that on or after December 19, 2013 and subject to Commission authorization, Verizon plans to discontinue DOVPATH, Wideband Analog and Wideband Data in their respective Service Areas. Accordingly, pursuant to section 63.71(c) and the terms of Verizon's application, absent further Commission action, Verizon may discontinue DOVPATH, Wideband Analog and Wideband Data in their respective Service Areas on or after **December 21, 2013**, in accordance with Verizon's filed representations. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

Comments objecting to this application must be filed with the Commission on or before **November 21, 2013**. Such comments should refer to **WC Docket No. 13-227 and Comp. Pol. File No. 1123**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. *See Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998). Comments may be filed electronically using the Internet by accessing the ECFS: <http://fjallfoss.fcc.gov/ecfs2/>. <sup>2</sup> Verizon notes that Wideband Analog is described in Verizon's FCC Tariff No. 1, Section 7.2.6 and in Verizon's FCC Tariff No. 11 Section 7.2.6.

<sup>3</sup> Verizon states that Wideband Data is described in Verizon's FCC Tariff No.1, Sections 7.2.7 and 10.8.1 and in Verizon's FCC Tariff No. 11. Sections 7.2.7 and 10.8.1.
