Petition to Deny filed 01/21/2015 by KIMTRON, INC

The Petition to Deny filed 1/21/2015 by Kimtron, Inc. IS HEREBY DENIED 1/30/2015 via Public Notice. No letter sent. Petitioner fails to demonstrate that grant of this application would violate any Commission rule or policy. The LPFM application proposes to operate on a second-adjacent channel to WDJC-FM. Petitioner alleges that it is entitled to protection of its digital operation, in addition to the analog signal of WDJC-FM. However, protection to a station's digital operation is provided via the protection to its analog signal. Therefore, the application satisfies all applicable spacing and interference requirements of 47 CFR Section 73.807. Accordingly, we grant the LPFM application.

The Petition to Deny filed 1/21/2015 by Kimtron, Inc. IS HEREBY DENIED 1/30/2015 via Public Notice. No letter sent. Petitioner fails to demonstrate that grant of this application would violate any Commission rule or policy. The LPFM application proposes to operate on a second-adjacent channel to WDJC-FM. Petitioner alleges that it is entitled to protection of its digital operation, in addition to the analog signal of WDJC-FM. However, protection to a station's digital operation is provided via the protection to its analog signal. Therefore, the application satisfies all applicable spacing and interference requirements of 47 CFR Section 73.807. In addition, the claim that the applicant is not eligible to enter into a time-sharing agreement is without merit. If we were to find that the applicant was not eligible for the established community presence point, we would not permit the aggregation of points with any other applicant in the MX group. However, point aggregation is not necessary in this situation because the application only remains mutually exclusive with the one application with which it has an agreement. Accordingly, we grant the LPFM application.
