Description of the Planned Network Change(s):

Central Texas intends to retire a small number of copper facilities in the 108 S. 1st St. San Saba, Texas central office near the locations listed on the attached Exhibit A and to provide service over a fiber network infrastructure. Central Texas has deployed its fiber-to-the-home network in the areas identified in Exhibit A.

After the retirement of copper facilities, Central Texas will: (1) no longer be required to offer unbundled network elements (UNEs) or other services over copper facilities; and (2) remove or cease maintaining the copper facilities.
