Date of Bulletin: February 28, 2018  
 Notice #: CCBFTR01493  
 Audience: Interconnection Customers in Wesley Chapel, FL (CLLI: WLCHFLXA)  
 Subject: Public Notice of Copper Retirement under Rule 51.332  
 Date Effective: September 5, 2018 or 180 Days After FCC Public Notice

**Network Change:**

**Frontier Communications** announces that it is retiring copper facilities in the Wesley Chapel, FL, central office (CLLI Code WLCHFLXA) serving the locations listed on Attachment A. Frontier has deployed a fiber network in these areas and is already providing and offering services over a fiber network infrastructure. There are no customers that currently use the copper facilities that are being retired.

**Description of Reasonably Foreseeable Impact of the Planned Changes:**

For the locations reflected in Attachment A, Frontier will (1) no longer offer services over copper facilities; and (2) cease maintaining the copper facilities.

Prior to Frontier's purchase of these facilities, Verizon had installed fiber in the Wesley Chapel wire center. No existing customers use services over these copper facilities reflected in Attachment A, and all affected locations are also served by fiber.

In accordance with FCC Rule 47 C.F.R. §51.332(b)(2), all carriers that are currently interconnected at this central office location are being notified. There are no impacted customers because no customers currently subscribe to services utilizing these copper facilities.

**Description of any changes in prices, terms, or conditions that will accompany the planned change(s):**

Because there are no customers on these facilities, no customers will be affected by changes in prices, terms, or conditions.
