

## Antenna Sketch

The test-site information is:

- Name: McGregor Test Site
- State: Texas
- County: Coryell and McLennan
- Latitude:  $31^{\circ} 23' 17.17''$  N
- Longitude:  $97^{\circ} 28' 8.58''$  W

This area is flat and sparsely populated. The “Station Center” tag below is where the VTVL vehicle’s pad is and is hence the station location for the transmitting antenna. The buildings on the upper right of the picture are all parts of SpaceX’s McGregor test site. Please alert SpaceX if additional data is required.
