~~~~~

This e-mail is your AFTRCC coordination.

The coordination includes this header information, DOD Area Frequency Coordinator comments, AFTRCC comments and attachments pertaining to this coordination. These messages must not be separated.

This recommendation is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgment that a recommended frequency is best suited to the applicant's purpose nor that the frequency is exclusive to the applicant. Flight Test frequencies are shared and may be subject to scheduling with other agencies.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, members, agents and representatives from any claims, losses or expenses which may arise as a result of the applicant's use of these frequencies.

This coordination is not an authorization to operate. The FCC must grant the applicant authorization to transmit.

~~~~~

AFTRCC SPECIAL CONDITIONS: None

AFTRCC COMMENTS: AFTRCC DOES NOT COORDINATE THE 2305-2310 MHZ BAND ALSO REFERENCED IN THE FCC APPLICATION

AFTRCC HAS COORDINATED WITH THE APPROPRIATE DOD AFC REGARDING THE BAND 2350-2355 MHZ, WHO RESPONDED WITH THE FOLLOWING:

"AFMO CONCUR WITH AFTRCC ICN 0001-12 (Sprint WCS Base Stations - Overland Park KS). Coordination number AFMO120060"

Subject: AFTRCC ICN 0001-12 (Sprint WCS Base Stations - Overland Park KS)

Army Frequency Management Office, Continental US

AFTRCC requests coordination for the band 2350-2355 MHz for an Experimental FCC authorization to test WCS stations.

User: Sprint Communications Company, L.P.
POC: Robin Cohen, Senior Manager, Regulatory Affairs, 703-433-4211,
robin.cohen@sprint.com

For station locations, power, antenna gain and other parameters see attachments below. Applicant has advised that the maximum transmitting antenna height above ground level will be as follows:

Location 1: 66 ft
Location 2: 60 ft
Location 3: 60 ft

The application shows that the user has specified 12 months are required for the testing. AFTRCC requests coordination for the period 30-January-2012 through 30-June-2013.

AFTRCC's database shows no verified Federal or non-Federal AMT receiving sites having LOS to the WCS transmitter locations.

AFTRCC Recommendations

AFTRCC requests DoD concurrence for the operation of the WCS base stations listed in the spreadsheet attached to this request.
