Subject: Narrative Statement for Experimental License 0149-EX-PL-2012

Dear Sir/Madam:

An experimental license is required for the demonstration and test validation of government requirements for an on-going government program referred to as Prophet. This Prophet equipment is being developed under an in-progress Department of the Army contract. This demo/testing will include outdoor Over-The-Air (OTA) transmissions in the vicinity of GDC4S' Scottsdale Facility.

Please contact me if you need any additional information or have any questions.

Sincerely,

Gil O. Estrella
