

Capella Space

July 22, 2020

To Whom It May Concern:

Dear Sir/Madam:

We are writing to inform the Federal Communications Commission (FCC) of termination of transmissions for the satellite Capella-1 (Denali) NORAD ID 43791. This notification is being provided pursuant to Experimental License File No. 0066-EX-CN-2018 Special Condition (5) under which the satellite was launched and operated. Denali was Capella Space's initial satellite and yielded invaluable information about the satellite's capabilities in space.

This notification does not affect Capella Space's Whitney-1 satellite Experimental License modification request (FCC File No. 0029-EX-CM-2020), which is currently pending before the FCC's Office of Engineering and Technology.

Please let us know if there are any additional questions regarding this notification.

Sincerely,

Daniel J. Connors, Jr.  
General Counsel  
(703) 962-0364
