

Directional Antenna Information in support of 0876-EX-CN-2021

- A. For location "WSMR, NM. Temp testing at ground level; outdoor"
 - For Frequency Range of 1350-1390MHz w/ ERP 38.5W
 - Width of beam in degrees at the half power point:
 - Horizontal: 60°
 - Vertical: 65°
 - Orientation in horizontal plane (degrees from True North):
 - 0°-359°T
 - Orientation in vertical plane (degrees from horizontal):
 - 0° to +30°
