Re: Experimental Licensing File No. 1059-EX-CN-2020

Dear Ms. Dortch,

Due to a change in circumstances, the BlueWalker 3 (“BW3”) test satellite that is associated with the above-noted application will be registered with the United Nations, pursuant to the Registration Convention,¹ by the Spanish Ministry of Industry (Subdirección General de Áreas y Programas Industriales -Dirección General de Industria y Pyme). Applicant AST&Science LLC is a subsidiary of AST SpaceMobile, Inc., which has a facility in Spain (AST&Science Iberia, S.L.) that is manufacturing the solar arrays for the BW3 test satellite.

In this way, the spacecraft will fully meet the terms of the Registration Convention. Please direct any questions to the undersigned.

Sincerely,

/s/ Laura Stefani
