QUESTION 4: STATEMENT REGARDING GOVERNMENT CONTACT

Leonardo DRS, Inc. (“DRS” or “Applicant”) submits the subject FCC Form 442 application in connection with performing certain testing under a contract with the U.S. Air Force (Contract # W91CRB-17-D-0010), in connection with project UMTE Threat Kit 12.

The project involves testing part of a full Effective Radiated Power (“ERP”) simulation of a foreign radar system used to direct Surface-to-Air Missile (“SAM”) fire. This application seeks approval of a continuous wave (CW) transmitter for use in the system to be tested.
