Application Narrative for Proposed Equipment

Proposed Program

Velociti is proposing GPS within their production facility for testing purposes.

Objectives

We seek to accomplish the following objectives:

1. Illumination of the part of the facility, located at 4400 NW 41st St Suite 400, Riverside, MO with a GPS signal to allow for the testing and experimentation indoors for continued exploration of utilizing GPS technologies within their handheld receivers to provide innovative applications and continue to provide safe products.
2. Further design, development and enhancement of existing GPS applications to provide greater efficiency and more effective means of utilizing GPS derived information.
