## **Application Narrative for Proposed Equipment**

### **Proposed Program**

Rhode & Schwarz is proposing GPS within their office building for testing purposes.

### **Objectives**

We seek to accomplish the following objectives:

1. Illumination of the part of the office facility, located at 3600 NE John Olsen Ave, Hillsboro, OR with a GPS signal to allow for the testing and experimentation indoors for continued exploration of utilizing GPS technologies within our hand-held receivers to provide innovative applications and continue to provide safe products.
2. Further design, development and enhancement of existing GPS applications to provide greater efficiency and more effective means of utilizing GPS derived information.
