

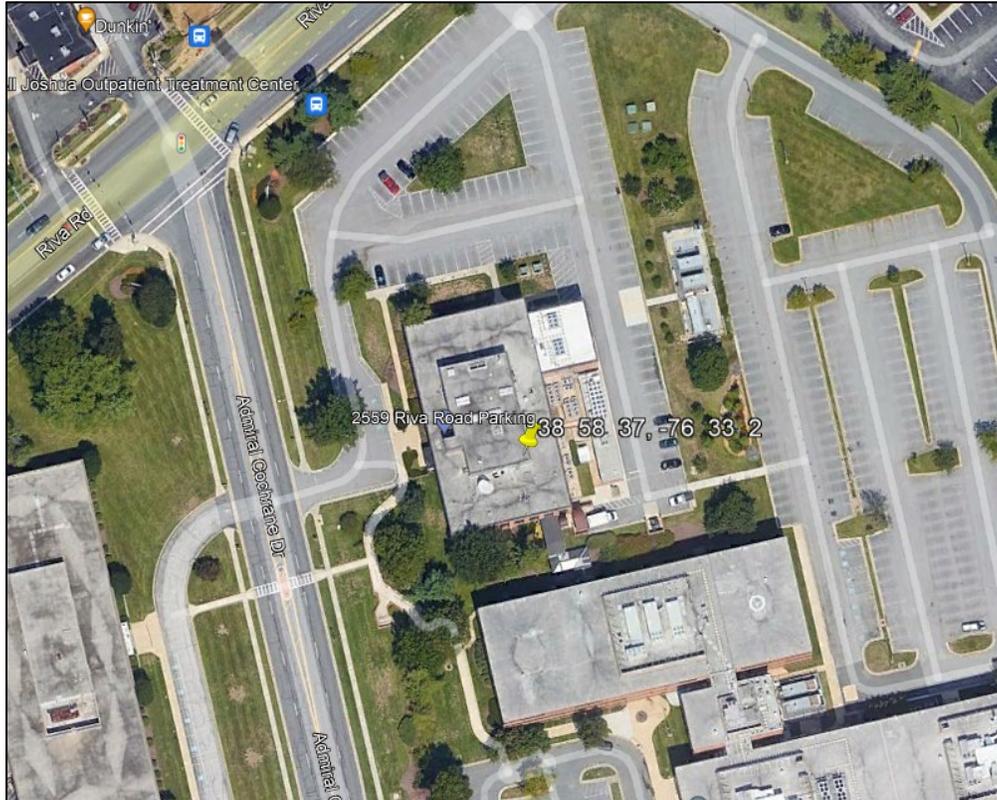

**EXHIBIT 1**  
**DESCRIPTION OF MODIFICATION**

Rockwell Collins, Inc., a Raytheon Technologies company, proposes to modify WK2XMT by adding an additional fixed ground station located on the rooftop of its facility located at 2551 Riva Road, Annapolis, MD 21401. All equipment and technical information pertaining to this location is identical to the other ground stations located in Melbourne, FL and Cedar Rapids, IA.

The stop buzzer for this location only is:
