Application Narrative for Proposed Equipment

Proposed Program

Lifesaver, Inc. is proposing GPS within their office/laboratory building for testing purposes.

Objectives

We seek to accomplish the following objectives:

1. Illumination of the part of the facility, located at 3630 Park 42 Dr. Suite 140C, Cincinnati, OH with a GPS signal to allow for the testing and experimentation indoors for continued exploration of utilizing GPS technologies within their tracking devices to provide innovative applications and continue to provide safe products.
2. Further design, development and enhancement of existing GPS applications to provide greater efficiency and more effective means of utilizing GPS derived information.
