

Kuiper Systems LLC
Application for Experimental License

Narrative Statement

On September 1, 2021, the Commission granted Kuiper Systems LLC (“Amazon”) experimental special temporary authority (“STA”) to test prototype antennas at indoor labs. *See* ELS File No. 1330-EX-ST-2021, Call Sign WS9XPY. The STA expires February 23, 2022.

As provided under Section 5.61(c) of the Commission’s rules, this application for experimental license is intended to serve as a continuance or extension of the STA. 47 C.F.R. § 5.61(c). The extension, which Amazon seeks for an additional two years, is necessary to allow the company to continue its technical tests pending Commission action on this application.

As part of the instant request, Amazon incorporates by reference the narrative information describing the complete program of research and experimentation provided as part of its STA. *See* ELS File No. 1330-EX-ST-2021, Call Sign WS9XPY.
