In re Application of 3G Wireless, LLC 501 McCormick Drive Suite B, Glen Burnie, Maryland 21061

To Operate in the 2229-2277MHz Telemetry Band to Provide TV Coverage in the Continental United States.

ATTN.: Microwave Branch

3G Wireless, LLC hereby requests Special Temporary Authority (STA) to operate in the 2229-2277MHz Telemetry Band pursuant to Section 21.25 of the Commission's Rules. 3G Wireless, LLC requests that the Commission grants it temporary authority to operate on the frequencies centered at 2233MHz, 2243MHz, 2253MHz, 2263MHz, and 2273MHz with an 8MHz bandwidth from May 28, 2022 through September 3, 2022 with intermittent usage. As explained below, 3G Wireless, LLC is filing an STA request for the Live Television Transmission of the 2022 Lucas Oil Motocross series within the United States. 3G Wireless, LLC submits that there are 3G Wireless, LLC to provide the necessary microwave for the Live Transmission of this event to 5km around various motocross tracks throughout the United States. Due to the extreme frequency congestion in the United States, coupled with the added congestion from traditional Television and News coverage of the special event, 3G Wireless requests the use of channels in the 2229-2277MHz Telemetry Band. 3G Wireless, LLC certifies that the operation of the requested channels for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA in the 2.2MHz Band would serve the public interest by enabling 3G Wireless, LLC to supply the requested remote video coverage for this event. The proposed service would enhance coverage of the event by providing on the spot pictures from mobile locations that would not otherwise be available to the Production Company.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:

Applicants Name: 3G Wireless, LLC

Address: 501 McCormick Drive Suite B, Glen Burnie Maryland 21061

Type and Manufacturer of Equipment: Domo Tactical Communications (DTC) Solo 7

TX Power Output: 100mw

ERP: 100mW

Emission: 8M00D7W

Frequencies:

2233.0MHz, 8M00D7W @100mW

2243.0MHz, 8M00D7W @100mW

2253.0MHz, 8M00D7W @100mW

2263.0MHz, 8M00D7W @100mW

2273.0MHz, 8M00D7W @100mW

Area of Operation: Continental United States 5Km around race tracks.

Coordinates:
