

Exhibit 1A – U. S. Government Contract Description

As part of Saab Defense and Security's (SDAS) AN/SPN-50 contract to develop an Air Traffic Control radar to replace the AN/SPN-43 for the Navy, SDAS needs the ability to test the development system at our Radar Test Facility (RTF). SDAS is responsible for all of the US only modifications to this system including the integration of a new C-band Solid State Transmitter. Therefore, SDAS requires the capability to test the performance of this system during the development, integration and test of this new radar at the RTF.

The contract POCs are as follows.
Contract No. N00019-16-C-5000

The contractor POC is:
Saab Defense and Security USA LLC
Michael Deskiewicz – Contracts Manager
Saab Inc.
5717 Enterprise Parkway
East Syracuse, NY 13057
