

13-April-22

### **MAG Coordination**

Textron Aviation has contacted Mr. William Whittington at MAG concerning this application. His response was:

Be advised Mr. Ken Taylor, my Assignment Chief, can look at this and provide a MAG perspective.

Give us a couple of days and we will get back to you. If you submit a STA to the FCC they will forward to the MAG for coordination as Ed indicated.

As stated in our other attachment, we are applying for a 2-year license as these tests are needed a few times per year, and the need is expected to continue for many years going forward. If a 2-year grant is not practical, we request that the FCC grant an STA to get us through the current test cycle.

Very Respectfully,

Dan Hankins  
Engineer Spc  
Textron Aviation, Inc.
