This email is your AFTRCC coordination.

This coordination includes this header information, DOD Area Frequency Coordinator comments and AFTRCC comments. These messages must not be separated.

This coordination is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgment that the frequency(ies) is best suited for the applicant's purpose nor that the frequency(ies) is exclusive to the applicant. Flight Test frequencies are shared and may require scheduling with other users.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, agents, members, and representatives from any claims, losses or expenses that may arise from the use of the frequency.

This coordination is not an authorization to transmit. A copy of this coordination must accompany application to the FCC.

Wayne,

AFC-WSMR concurs with AFTRCC ICN 1283-22/9382 (Sceye Inc FCC Renewal/Modification/WS9XUC-Tatum,NM), as follows;

1. Sceye must schedule their operations with AFC-WSMR, at least 96 hours prior to activation, via e-mail, to usarmy.wsmr.imcom-central.list.dodafc@mail.mil.

Furthermore, Sceye must provide a notional flight path showing any DoD restricted airspaces.

2. If Sceye is supporting a DoD initiative, then they must provide a DoD Contract Number. AFC-WSMR will support overflight of DoD restricted airspaces, provided Sceye schedules the use of this airspace, with the requisite Range POC or Sponsor.

3. If Sceye is NOT supporting a DoD initiative, then they must avoid overflight of DoD restricted airspaces.

Coordination control number: WS22041401.
