

FCL Tech, Inc.
Narrative Statement
0425-EX-CN-2022
April 14, 2022

With this experiment, FCL Tech is working to integrate experimental Massive MIMO technologies with various vendor. This includes lab tests and field tests for comparison and affirmation of the lab test results. The testing should provide proof of concept of a new technology and integration criteria. The “Stop Buzzer” contact is Arthur Wang at +1 650-665-0495.
