EXPLANATION OF MODIFICATION

This application is being filed to modify the Station WI2XXN license to:

- Remove the contract specified at Special Condition 2, as the contract is no longer active. The experiment will continue under IRAD, until such time as another contract is awarded.
- Delete Special Condition 2 from the license.
- Change the Station Class from “XC” to XT” to reflect the current non-contract – related operations.
- Change nomenclature for transmitting equipment from TCU/PCU to MSU/MTU.
- Update Output Power and ERP to meet operational requirements.
