Exhibit: Directional Antenna - STA

Directional Antenna:

- Width of beam in degrees at the half power point: 10
- Orientation in horizontal plane (degrees from True North):

We are not certain of the direction because we will have a booth at a tradeshow. It could be from 0-360 in orientation.

- Orientation in vertical plane (degrees from horizontal):

0 degrees. It will be parallel to the ground.

A handwritten signature in black ink that reads "James D. Gigrich".
